**Children and Asceticism in Late Antiquity** Ville Vuolanto, 2016-03-03 In Late Antiquity the emergence of Christian asceticism challenged the traditional Greco Roman views and practices of family life The resulting discussions on the right way to live a good Christian life provide us with a variety of information on both ideological statements and living experiences of late Roman childhood This is the first book to scrutinise the interplay between family children and asceticism in the rise of Christianity Drawing on texts of Christian authors of the late fourth and early fifth centuries the volume approaches the study of family dynamics and childhood from both ideological and social historical perspectives It examines the place of children in the family in Christian ideology and explores how families in the late Roman world adapted these ideals in practice Offering fresh viewpoints to current scholarship Ville Vuolanto demonstrates that there were many continuities in Roman ways of thinking about children and despite the rise of Christianity the old traditions remained deeply embedded in the culture Moreover the discussions about family and children are shown to have been intimately linked to worries about the continuity of family lineage and of the self and to the changing understanding of what constituted a meaningful life     *The Wiley Blackwell Companion to Patristics* Ken Parry, 2019-01-04 This comprehensive volume brings together a team of distinguished scholars to create a wide ranging introduction to patristic authors and their contributions to not only theology and spirituality but to philosophy ecclesiology linguistics hagiography liturgics homiletics iconology and other fields Challenges accepted definitions of patristics and the patristic period in particular questioning the Western framework in which the field has traditionally been constructed Includes the work of authors who wrote in languages other than Latin and Greek including those within the Coptic Armenian Syriac and Arabic Christian traditions Examines the reception history of prominent as well as lesser known figures debating the role of each and exploring why many have undergone periods of revived interest Offers synthetic accounts of a number of topics central to patristic studies including scripture scholasticism and the Reformation Demonstrates the continuing role of these writings in enriching and inspiring our understanding of Christianity     **Twelve Infallible Men** Matthew Pierce, 2016-06-13 In the tenth century Shi a scholars assembled accounts of twelve imams lives portraying them as miracle workers who were betrayed These biographies invoked shared cultural memories shaped communal responses and ritual practices of mourning and inspired Shi a identity and religious imagination for centuries to come Matthew Pierce shows     Conversion in Late Antiquity: Christianity, Islam, and Beyond Arietta Papaconstantinou, Daniel L. Schwartz, 2016-03-03 The papers in this volume were presented at a Mellon Sawyer Seminar held at the University of Oxford in 2009 2010 which sought to investigate side by side the two important

movements of conversion that frame late antiquity to Christianity at its start and to Islam at the other end Challenging the opposition between the two stereotypes of Islamic conversion as an intrinsically violent process and Christian conversion as a fundamentally spiritual one the papers seek to isolate the behaviours and circumstances that made conversion both such a common and such a contested phenomenon The spread of Buddhism in Asia in broadly the same period serves as an external comparator that was not caught in the net of the Abrahamic religions The volume is organised around several themes reflecting the concerns of the initial project with the articulation between norm and practice the role of authorities and institutions and the social and individual fluidity on the ground Debates discussions and the expression of norms and principles about conversion conversion are not rare in societies experiencing religious change and the first section of the book examines some of the main issues brought up by surviving sources This is followed by three sections examining different aspects of how those principles were or were not put into practice how conversion was handled by the state how it was continuously redefined by individual ambivalence and cultural fluidity and how it was enshrined through different forms of institutionalization Finally a topographical coda examines the effects of religious change on the iconic holy city of Jerusalem

**Rhetoric and Religious Identity in Late Antiquity** Richard Flower, Morwenna Ludlow, 2020 Rhetoric and Religious Identity in Late Antiquity takes an interdisciplinary approach to the question of how individuals and groups ascribed religious categories during late antiquity Particular focus is given to the role of rhetoric in the expression of religious identity in order to give mutual illumination to both phenomena in this period

*Epiphanius of Cyprus* Andrew S. Jacobs, 2016-07-05 Epiphanius Bishop of Constantia on Cyprus from 367 to 403 C E was incredibly influential in the last decades of the fourth century Whereas his major surviving text the Panarion an encyclopedia of heresies is studied for lost sources Epiphanius himself is often dismissed as an anti intellectual eccentric a marginal figure of late antiquity In this book Andrew Jacobs moves Epiphanius from the margin back toward the center and proposes we view major cultural themes of late antiquity in a new light altogether Through an examination of the key cultural concepts of celebrity conversion discipline scripture and salvation Jacobs shifts our understanding of late antiquity from a transformational period open to new ideas and peoples toward a Christian Empire that posited a troubling but ever present otherness at the center of its cultural production

**Sinners and Saints** Derek Cooper, 2018 Where most books dance around the distasteful details of the church's past this one puts a spotlight on the negative and positive alike With one ear attuned to the early church and another to contemporary culture this book addresses the growing concerns both Christians and non Christians have about how transparent the church has been about its roots This book offers a forthright depiction of early Christianity beginning with the apostles and ending after the time of Augustine Sinners and Saints is the first of a four volume series that humanizes the history of Christianity by honestly examining the actions doctrines decisions groups movements and practices of past Christians This book's assessment helps the reader accurately understand Christianity's background and recognize how it

continues to shape the present     [The Mediterranean World in Late Antiquity](#) Averil Cameron, 2015-04-29 This thoroughly revised and expanded edition of *The Mediterranean World in Late Antiquity* now covering the period 395-700 AD provides both a detailed introduction to late antiquity and a direct challenge to conventional views of the end of the Roman empire. Leading scholar Averil Cameron focuses on the changes and continuities in Mediterranean society as a whole before the Arab conquests. Two new chapters survey the situation in the east after the death of Justinian and cover the Byzantine wars with Persia, religious developments in the eastern Mediterranean during the life of Muhammad, the reign of Heraclius, the Arab conquests and the establishment of the Umayyad caliphate. Using the latest in-depth archaeological evidence, this all-round historical and thematic study of the west and the eastern empire has become the standard work on the period. The new edition takes account of recent research on topics such as the barbarian invasions, periodization and questions of decline or continuity as well as the current interest in church councils, orthodoxy and heresy and the separation of the Miaphysite church in the sixth century east. It contains a new introductory survey of recent scholarship on the fourth century AD and has a full bibliography and extensive notes with suggestions for further reading. *The Mediterranean World in Late Antiquity* 395-700 AD continues to be the benchmark for publications on the history of Late Antiquity and is indispensable to anyone studying the period.

**Women and Modesty in Late Antiquity** Kate Wilkinson, 2015-03-30 This book offers a fresh approach to some of the most studied documents relating to Christian female asceticism in the Roman era. Focusing on the letters of advice to the women of the noble Anicia family, Kate Wilkinson argues that conventional descriptions of feminine modesty can reveal spaces of agency and self-formation in early Christian women's lives. She uses comparative data from contemporary ethnographic studies of Muslim, Hindu and indigenous Pakistani women to draw out the possibilities inherent in codes of modesty. Her analysis also draws on performance studies for close readings of Ambrose, Augustine, Jerome and Pelagius. The book begins by locating itself within the complex terrain of feminist historiography and then addresses three main modes of modest behavior: dress, domesticity and silence. Finally, it addresses the theme of false modesty and explores women's agency in light of Augustinian and Pelagian conceptions of choice.

[Melania](#) Catherine Michael Chin, Caroline T. Schroeder, 2020-10-27 *Melania the Elder* and her granddaughter *Melania the Younger* were major figures in early Christian history, using their wealth, status and forceful personalities to shape the development of nearly every aspect of the religion we now know as Christianity. This volume examines their influence on late antique Christianity and provides an insightful portrait of their legacies in the modern world. Departing from the traditionally patriarchal view, *Melania* gives a poignant and sometimes surprising account of how the rise of Christian institutions in the Roman Empire shaped our understanding of women's roles in the larger world.

**A Companion to Late Antiquity** Philip Rousseau, 2012-02-20 An accessible and authoritative overview capturing the vitality and diversity of scholarship that exists on the transformative time period known as late antiquity. Provides an essential overview of current scholarship on late antiquity from between the accession of

Diocletian in AD 284 and the end of Roman rule in the Mediterranean Comprises 39 essays from some of the world's foremost scholars of the era Presents this once neglected period as an age of powerful transformation that shaped the modern world Emphasizes the central importance of religion and its connection with economic social and political life Winner of the 2009 Single Volume Reference Humanities Social Sciences PROSE award granted by the Association of American Publishers

**Christian Images and Their Jewish Desecrators** Katherine Aron-Beller,2024-01-09 In *Christian Images and Their Jewish Desecrators* historian Katherine Aron Beller analyzes the common Christian charge that Jews habitually and compulsively violated Christian images identifying this allegation as one that functioned alongside other anti Jewish allegations such as ritual murder blood libel and host desecration to ultimately inform dangerous and long lasting prejudices in medieval and early modern Europe Through an analysis of folk tales myths legal proceedings and religious art Aron Beller finds that narratives alleging that Jews committed violence against images of Christ Mary and the disciples flourished in Europe between the fifth and seventeenth centuries She then explores how these narratives manifested differently across the continent and the centuries finding that their potency reflected not Jewish actions per se but Christians own concerns about slipping into idolatry when viewing depictions of religious figures In addition Aron Beller considers Jews own attitudes toward Christian imagery and the ways in which they responded to and rejected or embraced such allegations By examining how desecration allegations affected Jewish individuals and communities spanning Byzantium medieval England France Germany and early modern Spain and Italy Aron Beller demonstrates that this charge was a powerful expression of the Christian majority's anxiety around committing idolatry and their eagerness to participate in practices of veneration that revolved around visual images an anxiety that evolved through the centuries and persists to this day

**Orthodoxy and the Courts in Late Antiquity** Caroline Humfress,2007-11-01 This book approaches the subject of late Roman law from the perspective of legal practice revealed in courtroom processes as well as more informal types of dispute settlement From at least the early fourth century leading bishops ecclesiastics and Christian polemicists participated in a vibrant culture of forensic argument with far reaching effects on theological debate the development of ecclesiastical authority and the elaboration of early Canon law One of the most innovative aspects of late Roman law was the creation and application of new legal categories used in the prosecution of heretics Leading Christian polemicists not only used techniques of argument learnt in the late Roman rhetorical schools to help position the Church within the structure of Empire they also used those techniques in cases involving accusations against heretics thus defining and developing the concept of Christian orthodoxy itself

**The Philosophical Life** Arthur P. Urbano,2013-10-12 Ancient biographies were more than accounts of the deeds of past heroes and guides for moral living They were also arenas for debating pressing philosophical questions and establishing intellectual credentials as Arthur P Urbano argues in this study of biographies composed in Late Antiquity

**Celibate Marriages in Late Antique and Byzantine Hagiography** Anne P. Alwis,2011-10-27 An exploration of the phenomenon of

celibate marriages in Byzantine hagiography      **Doctrine and Debate in the East Christian World, 300-1500** Averil Cameron, Robert Hoyland, 2017-05-15 The reign of Constantine 306 37 the starting point for the series in which this volume appears saw Christianity begin its journey from being just one of a number of competing cults to being the official religion of the Roman Byzantine Empire The involvement of emperors had the perhaps inevitable result of a preoccupation with producing promoting and enforcing a single agreed version of the Christian creed Under this pressure Christianity in the East fragmented into different sects disagreeing over the nature of Christ but also in some measure seeking to resist imperial interference and to elaborate Christianities more reflective of and sensitive to local concerns and cultures This volume presents an introduction to and a selection of the key studies on the ways in which and means by which these Eastern Christianities debated with one another and with their competitors pagans Jews Muslims and Latin Christians It also includes the iconoclast controversy which divided parts of the East Christian world in the seventh to ninth centuries and devotes space both to the methodological tools that evolved in the process of debate and the promulgation of doctrine and to the literary genres through which the debates were expressed      **Dynamics of Religion** Christoph Boehinger, Jörg Rüpke, 2016-11-21 Religious ideas practices discourses institutions and social expressions are in constant flux This volume addresses the internal and external dynamics interactions between individuals religious communities and local as well as global society The contributions concentrate on four areas 1 Contemporary religion in the public sphere The Tactics of Invisibility among Religious Communities in Europe Religion Intersecting De nationalization and Re nationalization in Post Apartheid South Africa 2 Religious transformations Forms of Religious Communities in Global Society Political Contributions of Ancestral Cosmologies and the Decolonization of Religious Beliefs Esoteric Tradition as Poetic Invention 3 Focus on the individual Religion and Life Trajectories of Islamists Angels Animals and Religious Change in Antiquity and Today Gaining Access to the Radically Unfamiliar in Today s Religion Religion between Individuals and Collectives 4 Narrating religion Entangled Knowledge Cultures and the Creation of Religions in Mongolia and Europe Global Intellectual History and the Dynamics of Religion On Representing Judaism      *Empire Baptized* Howard-Brook, Wes, 2016-09-15 Through a study of the early church this book shows how Christianity in effect opted for the religion of empire shifting the emphasis of Jesus s prophetic message from transforming the world to the aim of saving one s soul
