The Broederbond:

Christian Nationalism and the Rise of the Afrikaner Broederbond in South Africa, 1918-48 Charles Bloomberg, 1989-06-18
An investigation into the phenomenon of Christian nationalism amongst the whites in South Africa and the simultaneous rise of the exclusive right wing society the Afrikaner Broederbond

The Super-Afrikaners Ivor Wilkins, Hans Strydom, 2012-08-28
The Super Afrikaners originally published in South Africa in 1978 scandalised a nation as it exposed the secret workings of a powerful Afrikaner organisation called the Broederbond Out of print for over three decades this new edition is available for a new generation and includes an introduction by Max du Preez Formed in Johannesburg in 1918 by a group of young Afrikaners disillusioned by their role as dispossessed people in their own country the first triumph of this remarkable organisation was the fact that it was largely responsible for welding together dissident factions within Afrikanerdom and thereby ensuring the accession of the National Party to power in 1948 This highly organised clique of Super Afrikaners by sophisticated political intrigue waged a remarkable campaign to harness political social and economic forces in South Africa to its cause and succeeded Political journalists Hans Strydom and Ivor Wilkins traced at great personal risk its development from its earliest days The book includes the most comprehensive list of Broeders ever published

The Afrikaner's Emancipation Barry Botha, 2008-11
President Mandela's stand in negotiations before during and after imprisonment was attainment of universal democratic rights for all citizens in South Africa His counterpart President F W de Klerk's condition was protection of minority rights a position he knew could not be sustained but he did persuade whites to support it until he in the end capitulated and they also The result was a peaceful transition to black majority rule but a great number of Afrikaners accepted the handing over of power without rejecting their apartheid ideology The Afrikaner's Apartheid Mindset was based on an attitude of superiority and a false belief that apartheid was scripturally justified Although most Christian churches rejected apartheid as sin the biggest Afrikaans Protestant Church the Dutch Reformed Church only did so in 1986 Many Afrikaner Christians still have not personally accepted this truth thus binding themselves to unfinished reconciliation Through reconciliation the Afrikaners need to make amends for a century of injustice against blacks whom they refused parliamentary representation On the other hand in the previous century of injustice before the Anglo Boer War 1899 British imperialism sought to end the Afrikaners independence Black economic empowerment a means of compensation or redress may eventually benefit all parties in the new era instead of being a cause of frustration and complaint

A Missiology of the Road J Kevin Livingston, 2014-09-25
David Bosch 1929 1992 was one of the foremost mission theologians of the twentieth century a prolific scholar committed church leader and active participant in the global conciliar and evangelical mission movements His distinctive role in the South African church's struggle against apartheid is less well known however After reviewing Bosch's background and exploring key themes in his understanding of mission and evangelism Livingston explores Bosch's legacy from the perspective of the missionary nature of the church The church is God

s kingdom community acting as a witness to and instrument of the coming reign of God The church is God s alternative community simultaneously set apart from the world but also existing for the sake of the world exemplifying the radical implications of Christ s new community It is also God s reconciled and reconciling community serving as a sign and embodiment of God s love in Christ For those acquainted with Bosch only as the author of his magisterial Transforming Mission A Missiology of the Road shows how Bosch integrated his theology and practice in a faithful contextually relevant way within South Africa and the global church

Rugby and the South African Nation David Ross Black, John Nauright, 1998 Conventional historical and political analyses of South Africa have frequently neglected the vital role of sport in general and rugby in particular This book fills the gap through a critical interpretation of rugby s role in the development of white society its role in shaping significant social divisions and its centrality to the apartheid era power elite

Conversations and Soliloquies Maurice Hommel, 2012 In the midst of apartheid in South Africa journalist Maurice Hommel documented the cruel injustices and tensions running rampant within the country What he saw forever impacted his life Conversations and Soliloquies presents a collection of Hommel s essays and articles from the last fifty five years documenting and analyzing South African history during and after apartheid Over time the essays illuminate in sometimes graphic detail the anti apartheid struggle that defined South Africa for decades Beginning with the Sharpeville Massacre of 1960 Hommel delves into the bloody history of apartheid and traces how it pervaded every segment of society His interviews

with prominent South Africans including Desmond Tutu and Neville Alexander offer intimate glimpses into the thoughts of those working for change In addition stark photographs capture the emotions of the time In its breadth of historical perspectives this collection is a significant contribution to an understanding of South Africa s evolution to a nonracial nonsexist democratic country Although lingering prejudices and smoldering resentments remain Hommel carries an unshakable optimism of South Africa s enormous potential Conversations and Soliloquies captures that hope

[Heart of Whiteness](#) June Goodwin,Ben Schiff,1995 When South Africa s present transitional government comes to an end apartheid will be dead But just as the demise of slavery did not solve America s race problems so the abolition of apartheid will only begin South Africa s healing process Heart of Whiteness examines the cataclysmic changes taking place among Afrikaners the white tribe of South Africa

The Anxieties of White Supremacy Christoph Marx,2024-11-11 Prime Minister Hendrik Verwoerd 1958 1966 was an authoritarian modernizer and a true representative of the Age of Extremes How did the Architect of Apartheid grow his ideology of racial segregation into a comprehensive system and a policy for the future The Anxieties of White Supremacy Hendrik Verwoerd and the Apartheid Mindset explores his intellectual development and academic career prior to entering politics

The White Tribe of Africa David Harrison,1983-10-01 *Brothers in War and Peace* Dennis Cruywagen,2014-08-08 Abraham and Constand Viljoen were identical twins who took starkly different paths in life One was a deeply religious man who opposed apartheid the other was a man of war who became head of the

SADF But together they would play a crucial role in preventing South Africa from descending into civil war In the early 1990s Constand came out of retirement to head the Afrikaner Volksfront which opposed the negotiations with the ANC and made plans for military action Realising that war would destroy their country Abraham approached his estranged brother and urged him to consider the alternative talks with the ANC What followed was a series of secret meetings and negotiations that ultimately prevented civil war Brothers in War and Peace documents the crucial yet largely unheralded role the Viljoen brothers played in ensuring peace in South Africa Based on interviews with the brothers and other key political figures the book gives new insights into a time when the country's future was on a knife edge **AF Press Clips** ,1989-07

Oxwagon Sentinel Christoph Marx,2008 This new approach to the social history of Afrikaner nationalism looks into the diverse causes for the rise of a political movement which was to shape South African history profoundly during the 20th Century In the 1930s Afrikaner nationalism transformed itself from a populist into a cultural nationalism becoming politically radicalised at the same time The nationalist symbol of the oxwagon was used not only by the National Party but also by the extra and antiparliamentarian mass movement Ossewabrandwag which was founded in 1939 Drawing on a broad range of archival resources the social history of this extremist organisation is analysed showing local and regional differences The Ossewabrandwag as a nationalist movement counted a considerable part of the Afrikaans white population among its members Therefore the Ossewabrandwag can be understood appropriately only in the context of radical Afrikaner nationalism Given that the potential for political radicalisation in the white South African population was considerable ideological influences from overseas played merely an additional role The book looks into the reasons for the mass participation in the Ossewabrandwag In addition it analyses the organisation's fight with the National Party and its illegal and treasonable activities In this context the book discusses which ideological influences on the apartheid policy can be identified as coming from organised right wing extremism Ethnic Nationalism and State Power M. Suzman,2016-01-18 This controversial book rejects the view that the growth of Irish nationalism Afrikaner nationalism and Zionism was due primarily to issues of race religion or language Instead drawing on a new analytical framework and close historical analysis it shows how their ultimate success was the result of political economic and organisational factors conditioned by sustained conflict with the existing state and other ethnic groups
