The Courtesy Police Jeff Stratton, 2004 **Michigan State Police Journal** Milton R. Palmer, 1927 **The State Trooper**, 1927 *The Best Police in the World* Barbara Weinberger, 2016-12-05 Based on interviews with former police officers this book addresses two main issues Firstly the question of how the police themselves viewed the priorities of the job and what they considered their role to be This is the first study to consider this question and its implications for the style and content of police work Secondly it challenges the view of the prewar period as a Golden Age and shows that policing from the 1930s to the 1960s was not as unproblematic as has often been assumed Police violence and the fabrication of evidence were more prevalent than the cosy image of the British TV series *Dixon of Dock Green* would have us believe The fact that this image often went unchallenged has much to do with prevailing concepts of masculinity and with the greater moral certitude of the police within a more stable and stratified society **The Police Journal**, 1925 Policing the Open Road Sarah A. Seo, 2019-04-08 Sarah Seo shows that the rise of the car the symbol of American personal freedom led to ever more intrusive policing with devastating consequences for racial equality in our criminal justice system Criminal procedures designed to safeguard us on the road undermined the nation's commitment to equal protection before the law *The Army Lawyer*, 2013-07 *Historic Milwaukee Crimes: The Vengeful Seamstress, the Absconding Alderman and More* Carl Swanson, 2022 From the author of *Lost Milwaukee* comes an exploration of the criminal side of the Cream City Milwaukee saw its share of violence as it transformed from frontier village to modern metropolis The city was barely established when an argument over a bridge linking east and west was nearly settled with cannon fire A local developer killed his estranged wife severed her head and burned it in the furnace of the apartment building he built A wronged woman murdered her lover on a busy downtown street and was found innocent by a sympathetic jury Another woman lethally poisoned her family and laughed about it in the press From a robbery in which the bandits got away by stealing a streetcar to the attempted assassination of President Theodore Roosevelt local historian Carl Swanson uncovers dramatic true stories of villainy and murder from Milwaukee's long forgotten past *Job Corps Staff Newsletter* Job Corps (U.S.), 1967 **THE AMERICAN CITY**, 1928 *The Natural Gas Journal*, 1911 **"Code of Massachusetts regulations, 1996"**, 1996 Archival snapshot of entire looseleaf Code of Massachusetts Regulations held by the Social Law Library of Massachusetts as of January 2020 **Behold the Monster** Jillian Lauren, 2023-07-18 Jillian Lauren had no idea what she was getting into when she wrote her first letter to prolific serial killer Samuel Little All she knew was her research had led her to believe he was good for far more murders than the three for which he had been convicted While the two exchanged dozens of letters and embarked on hundreds of hours of interviews Lauren gained the trust of a monster After maintaining his innocence for decades Little confessed to the murders of ninety three women often drawing his victims in haunting detail as he spoke How could one man evade justice manipulating the system for over four decades As the FBI the DOJ the LAPD and countless law enforcement officials across

The Psychopolitics of Fashion Otto Von Busch,2020-02-20 What if fashion was a state What kind of state would it be Probably not a democracy Otto von Busch sees fashion as a totalitarian state with a population all too eager to enact the decrees of its aesthetic superiority Peers police each other and deploy acts of judgment peer regulation and micro violence to uphold the aesthetic order of fashion supremacy Using four design projects as tools for inquiry Von Busch explores the seductive desires of envy and violence within fashion drawing on political theories He proposes that the violent conflicts of fashion happen not only in arid cotton fields or collapsing factories but in the everyday practice of getting dressed in the judgments sneers and rejections of others Indeed he suggests that feelings of inclusion and adoration are what make us feel the pleasure of being fashionable of being seductive popular and powerful Exploring the conflicting emotions associated with fashion Von Busch argues that while the current state of fashion is bred out of fear The Psychopolitics of Fashion can offer constructive modes of mitigation and resistance Through projects that actively work towards disarming the violent practices of dress Von Busch suggests paths towards a more engaging and meaningful experience of fashion he calls deep fashion
