The Creative Spiral Activities To Inspire Creative Expression:

The Path of Emotions Synthia Andrews, 2013-02-25 A guide that explains the emotion energy connection and how to harness its power to clear past trauma and fuel creative expression Do you feel there is more to reality than what your five senses reveal Are emotions controlling the quality of your life Do you avoid uncomfortable feelings or suppress past trauma You may have been taught that emotions aren't logical and therefore can't be trusted That happiness depends on suppressing or avoiding negative feelings On the contrary emotions are the key to discerning energy reality They are the language of subtle energy providing information direction motivation and vitality Understanding and harnessing the power of emotions will help you make better decisions heal your past and create the life of your dreams The Path of Emotions explains how emotions are the key to mind body communication translating information from subtle energy realms into useable guidance Reading it will help you Interpret your instincts and gut reactions Expand your subtle energy awareness and increase your intuition Identify and release emotions that are binding your energy inhibiting your potential and causing physical pain and dysfunction Free up and use the energy currently bound up in limiting emotional patterns Use emotions to empower your intentions and manifest the life you desire Dr Andrews shows how we can use our emotions to make ourselves miserable or happy Then more importantly she shows us practical and effective ways we can channel that energy to take charge of our health and happiness and rid ourselves of our human barriers to love Henry Grayson PhD author of Your Power to Heal

The Wheels of Soul in Education ,2010-01-01 This book boldly re frames the basis of our collective approach to education It presents a compelling argument for an educational world view that perceives self society and the universe as an undivided whole a holarchy of wholes within wholes wheels within wheels Soul in education is an international movement rooted in the holistic education paradigm It challenges us individually and collectively to re ensoul our educational thinking and practice from the inside out At the heart of this educational world view is an appreciation of the spiritual presence of the soul as the source self that exists beyond the surface appearance of personality and infuses an individual with positive transformative qualities that energise lifelong learning and creative living The essays in this book describe practices that attend to the cultivation of the soul in a range of educational contexts Written by holistic educators from around the globe they build a picture of education that develops a multidimensional understanding of self and other Through creativity paradox and mystery teachers invite the emergence of soul qualities in themselves and learners qualities such as joy justice caring ethics compassion and tolerance providing the vital basis for the creation of a more equitable social reality in the 21st century and beyond [The Geometry of Art: Exploring Shapes in Creative Expression](#) Ahmed Musa, 2024-12-29 Shapes and geometry are fundamental to the world of art yet they often go unnoticed This book delves into the relationship between geometry and creative expression exploring how shapes are used to convey meaning structure and emotion in art From the simple elegance of circles and squares to the complexity of fractals this book explores how artists of all mediums from
