Goulden, 1965 Traces the rise and fall of the Curtis Publishing Company publishers of The Saturday Evening Post Holiday The Ladies Home Journal **Magazines for the Millions** Helen Damon-Moore, 1994-08-12 **The Magazine Century** David E. Sumner, 2010 The future of magazines Murky Their past Glorious How we got from there to here is told in this compelling history It s thrilling funny disturbing sad and ultimately inspiring And in these pages are broad and helpful hints on how we can return to glorious Richard B Stolley Founding Editor People and Senior Editorial Adviser Time Inc Book Jacket How to Start a Magazine James B. Kobak, 2002-11-25 Anyone who wants to start a magazine and doesn t own this book is a fool Victor Navasky Publisher The Nation Timely and informative this book explains all the steps needed in planning testing and executing the startup of a successful magazine But more than this the book serves as a resource for understanding how profitable magazine publishing is carried out as well as the current situation in the magazine field including branding over the Internet and other media

The Model Man Hans Krabbendam, 2022-06-08 Edward William Bok was the most famous Dutch American in early twentieth century America thanks to his thirty year editorship of the Ladies Home Journal the most prestigious women s magazine of the day This first complete coverage of Edward Bok s life places him against his ethnic background and portrays him as the spokesman for and the molder of the American middle class between 1890 and 1930 He acted as a mediator between a Victorian and a modern society reconciling consumerism with idealism As a Dutch immigrant he became a model for successful adaptation to a new country and modern times He used his national reputation to restore America s internationalism in the 1920s His life story is relevant to those interested in the history of immigration journalism the rise of big business the women s movement and the Progressive Movement **Curtis's Botanical Magazine** Sir William Jackson Hooker, 1906 **The Holiday Makers** Richard K. Popp, 2012-05-16 In mid twentieth century America mass tourism became emblematic of the expanding horizons associated with an affluent industrial society Nowhere was the image of leisurely travel more visible than in the parade of glossy articles and advertisements that beckoned readers from the pages of popular magazines In Richard K Popp s *The Holiday Makers* the magazine industry serves as a window into postwar media and consumer society showing how the dynamics of market research and commercial print culture helped shape ideas about place mobility and leisure Magazine publishers saw travel content as a way to connect audiences to a booming ad sector while middlebrow editors believed sightseeing travel was a means of fostering a classless society at home and harmony abroad Expanding transportation networks and free time lay at the heart of this idealized vision Holiday magazine heralded nothing less than the dawn of a new era calling it the age of Mobile Man Man gifted for the first time in history with leisure and the means to enjoy distance on a global scale For their part advertisers understood that selling tourism meant turning

dreams into action as ad executive David Ogilvy put it Doing so involved everything from countering ugly stereotypes to tapping into desires for authentic places and self actualization Though tourism was publicly touted in egalitarian terms publishers and advertisers privately came to see it as an easy way to segment the elite free spenders from the penny pinching masses Just as importantly marketers identified correlations between an interest in travel and other consumer behavior Ultimately Popp contends the selling of tourism in postwar America played an early integral role in the shift toward lifestyle marketing an experiential service economy and contributed to escalating levels of social inequality *Creating America* Jan Cohn,2010-11-23 Before movies radio and television challenged the hegemony of the printed word the Saturday Evening Post was the preeminent vehicle of mass culture in the United States And to the extent that a mass medium can be the expression of a single individual this magazine with a peak circulation of almost three million copies a week was the expression of its editor George Horace Lorimer Cohn shows how Lorimer made the Post into a uniquely powerful magazine that both celebrated and helped form the values of the time
