

The History News In Spave

New York Public Library

The History News In Spave:

The History News Michael Johnstone,1999 Uses a newspaper format to take a look at developments that led from the ideas of Copernicus and other early scientists to the technological advances that enabled man to venture to the moon and beyond News, Neoliberalism, and Miami's Fragmented Urban Space Moses Shumow,Robert E. Gutsche Jr.,2016-11-23 News Neoliberalism and Miami s Fragmented Urban Space examines cultural and social forces responsible for inequalities that have emerged in the rampant development of Miami as a world city This book argues that neoliberal movements rely on the power of journalistic discourses to authorize and legitimize harmful social acts such as gentrification Moses Shumow and Robert E Gutsche Jr provide original analyses of intersections among memory race capitalism and journalistic power particularly at a time of immense political and environmental change The authors examine changes in neighborhoods and in public private developments that are bound to widen an already great divide between classes and races in South Florida

History News ,2004 **The Making of Public Space** Luc Boltanski,Arnaud Esquerre,2024-11-18 This new book by Luc Boltanski and Arnaud Esquerre is a highly original analysis of the two key processes that shape the contemporary public sphere On the one hand there are the processes of news provision which select out a range of facts and events and bring them to the attention of a large number of people who have not for the most part experienced them directly On the other hand there are processes of politicization which problematize the facts made known by news provision and treat them as issues that concern citizens and the state Politicization is typically characterized by a diversity of interpretations which in turn gives rise to a proliferation of commentary discussion polemic and division In order to study these processes and their interaction Boltanski and Esquerre draw on a vast repository of user comments left on the site of a major daily newspaper as well as the thousands of comments posted on an online video site They uncover what is sayable by comparing published comments with those deleted by moderators They capture opinions in the course of their formation rather than describing views which have long become cemented these are often reflexive and wise deriving from responses to interviews or opinion polls They map out the parameters of politicization today touching on various hot topics such as feminism the environment immigration religion nationalism and Europe This is not just a book about the news and the press but a major new work which shows how political opinion comes into being and the way in which it affects our daily lives It will be of great value to students and scholars in media studies sociology and politics as well as to anyone interested in the state of politics and the media in our contemporary digital age TV Displays Disaster As the Challenger Explodes Rebecca Rissman,2019-08 Historical photographs bring the story of the Challenger explosion to life including how it happened the subsequent investigation into its causes and how it set back U S investment in space exploration **In Space** Michael Johnstone,2001 Uses a newspaper format to explore astrology and space from the early theories of Ptolemy to Pathfinder s voyage to Mars
