The Ghost in the Tower: An Episode in Jacobia Earl Howell Reed, 1907-01-01 A GHOST never makes the mistake of appearing before more than one person at a time There may be much logic in this for the element of mystery which is one of the essential attributes to comfortable ghostly existence would be destroyed if that existence should be established at some one time and place by a preponderance of unimpeachable testimony There is a ghost in my friend Jacobs water tower over in Michigan or at least there was one there last Christmas eve To me he was visible most of the time during a long interview I had with him and to me he had all of the elements of reality Nobody who reads this narrative will be in a position to dispute his existence for so far as I know he and I were the only occupants of the tower at the time If my nebulous friend should choose to make himself known to somebody else it may furnish material for discussion and comparison of experiences in the future but in the meantime controversy is quite useless To those who do not live in the world of romance and errant fancy the winter landscapes along the eastern shore of Lake Michigan offer few allurements The sweeping miles of piled and broken ice the bleak and desolate bluffs with their pale brows fringed with naked trees in moody relief against the dull skies that are flecked with the white forms of the roving winter gulls seem to repel every thought except that of hoped for creature comforts in some human habitation beyond If it were not for these distant aureoles of hope mirages though they often are how gray and dreary the world would be Notwithstanding a love of Nature in her sterner moods it was not for this that I journeyed to my friend s country retreat in the winter time I knew that warm hearted hospitality awaited me in the little farm house nestled among the knolls back of the bluffs High up on one of the hills of Jacobia the tower bares its lofty brow to the blasts of the gales The huge structure seems calmly to defy the winter winds whistling through its upper casements and pounding against its sturdy sides The swirling snows envelop its weather scarred top in the darkness and an atmosphere of loneliness and isolation seems to pervade the great bulk silhouetted against the flying legions of shredded and angry clouds scudding across the gloomy and storm embattled skies at night

Sexual Subordination and State Intervention R. Amy Elman, 1996 One of the foremost Brazilian philosophers of education presents some of his ideas focusing on people their actions and their consciousness He begins with the premise that human history is the product of people s struggle against inequality which he describes in terms of a dialectic of oppositions and a pedagogy of consciousness Dialectics for Gadotti is both a means of inquiry and the textual and dynamic foundation of human and cultural evolution Annotation copyright by Book News Inc Portland OR
