H. Page and Brother Trost and Trost Lang and Witchell Sanguinet and Staats Atlee B. and Robert M. Ayres David Williams and O. Neil Ford The majority of buildings he considers are public ones but a separate chapter traces the evolution of private housing from late Victorian styles through the regional and international modernism of the 1930s Nearly 400 black and white photographs complement the text Written to be accessible to general readers interested in architecture as well as to architectural professionals this work shows how

Texas both participated in and differed from prevailing American architectural traditions
