## **Slaves On Screen:**

Slaves on Screen Natalie Zemon Davis, 2011-03-04 People have been experimenting with different ways to write history for 2 500 years yet we have experimented with film in the same way for only a century Noted professor and historian Natalie Zemon Davis consultant for the film *The Return of Martin Guerre* argues that movies can do much more than recreate exciting events and the external look of the past in costumes and sets Film can show millions of viewers the sentiments experiences and practices of a group a period and a place it can suggest the hidden processes and conflicts of political and family life And film has the potential to show the past accurately wedding the concerns of the historian and the filmmaker To explore the achievements and flaws of historical films in differing traditions Davis uses two themes slavery and women in political power She shows how slave resistance and the memory of slavery are represented through such films as Stanley Kubrick's *Spartacus* Steven Spielberg's *Amistad* and Jonathan Demme's *Beloved* Then she considers the portrayal of queens from John Ford's *Mary of Scotland* and Shekhar Kapur's *Elizabeth* to John Madden's *Mrs Brown* and compares them with the cinematic treatments of Eva Peron and Golda Meir This visionary book encourages readers to consider history films both appreciatively and critically while calling historians and filmmakers to a new collaboration

**World History on the Screen** Wendy S. Wilson, Gerald H. Herman, 2003-08 Help your students develop critical viewing skills while they deepen their understanding of world history Enhances exploration of world history through the study of compelling films From Havana to Hollywood Philip Kaisary, 2024-07-01 *From Havana to Hollywood* examines the presence or absence of Black resistance to slavery in feature films produced in either Havana or Hollywood including Gillo Pontecorvo's *Burn* neglected masterpieces by Cuban auteurs Tom's Guti rrez Alea and Sergio Giral and Steve McQueen's Oscar winning *12 Years a Slave* Philip Kaisary argues that with rare exceptions the representation of Black agency in Hollywood has always been and remains taboo Contrastingly Cuban cinema foregrounds Black agency challenging the ways in which slavery has been misremembered and misunderstood in North America and Europe With powerful richly theorized readings the book shows how Cuban cinema especially recreates the past to fuel visions of liberation and asks how the medium of film might contribute to a renewal of emancipatory politics today

**Celluloid Chains** Rudyard Alcocer, Kristen Block, Dawn Duke, 2024-01-12 Featuring a variety of disciplinary perspectives and analytical approaches *Celluloid Chains* is the most comprehensive volume to date on films about slavery This collection examines works from not only the United States but elsewhere in the Americas and it attests to slavery's continuing importance as a source of immense fascination for filmmakers and their audiences Each of the book's fifteen original essays focuses on a particular film that directly treats the enslavement of Africans and their descendants in the New World Beginning with an essay on the Cuban film *El otro* Francisco 1975 Sergio Giral's reworking of a nineteenth century abolitionist novel the book proceeds to examine such works as the landmark miniseries *Roots* 1977 which sparked intense controversy over its authenticity Werner Herzog's *Cobra Verde*

1987 which raises questions about what constitutes a slavery film Guy Deslauriers's *Passage du milieu* 1999 a documentary style reconstruction of what Africans experienced during the Middle Passage and Steve McQueen's Oscar winning *12 Years a Slave* 2013 which embodies the tensions between faithfully adapting a nineteenth century slave narrative and bending it for modern purposes Films about slavery have shown a special power to portray the worst and best of humanity and *Celluloid Chains* is an essential guide to this important genre

**Slaves, Masters, and the Art of Authority in Plautine Comedy** Kathleen McCarthy, 2009-01-10 What pleasures did Plautus heroic tricksters provide their original audience How should we understand the compelling mix of rebellion and social conservatism that Plautus offers Through a close reading of four plays representing the full range of his work *Menaechmi* *Casina* *Persa* and *Captivi* Kathleen McCarthy develops an innovative model of Plautine comedy and its social effects She concentrates on how the plays are shaped by the interaction of two comic modes the socially conservative mode of naturalism and the potentially subversive mode of farce It is precisely this balance of the naturalistic and the farcical that allows everyone in the audience especially those well placed in the social hierarchy to identify both with and against the rebel to feel both the thrill of being a clever underdog and the complacency of being a securely ensconced authority figure Basing her interpretation on the workings of farce and naturalism in Plautine comedy McCarthy finds a way to understand the plays patchwork literary style as well as their protean social effects Beyond this she raises important questions about popular literature and performance not only on ancient Roman stages but in cultures far from Plautus Rome How and why do people identify with the fictional figures of social subordinates How do stock characters happy endings and other conventions operate How does comedy simultaneously upset and uphold social hierarchies Scholars interested in Plautine theater will be rewarded by the detailed analyses of the plays while those more broadly interested in social and cultural history will find much that is useful in McCarthy's new way of grasping the elusive ideological effects of comedy
