The Big YANG Theory Jim King,2003-12 *The Purposeful Universe* Carl Johan Calleman,2009-10-13 Identifying the Mayan World Tree with the central axis of the cosmos the author shows how evolution is not random Shows how the evolution of the universe emanates from the cosmic Tree of Life Explains the origin and evolution of biological life and consciousness and how this is directed Using recent findings within cosmology coupled with his broad understanding of the Mayan Calendar biologist Carl Johan Calleman offers a revolutionary and fully developed alternative to Darwin s theory of biological evolution and the theory of randomness that holds sway over modern science He shows how the recently discovered central axis of the universe correlates with the Tree of Life of the ancients This provides an entirely new context for physics in general and especially for the origin and evolution of life and suggests that we look upon ourselves as parts of a hierarchy of systems that are all interrelated and evolve in a synchronized way Calleman s research demonstrates that life did not just accidentally pop up on our planet but that Earth was a place specifically tagged for this He demonstrates how the Mayan Calendar describes different quantum states of the Tree of Life and presents a new explanation for the origin and evolution of consciousness Calleman uses his scientific background in biology and cosmology to show that the idea of the Purposeful Universe is real He explains not only how DNA but also entire organisms have emerged in the image of the Tree of Life a theory that has wide ranging consequences not only for medicine but also for the origin of sacred geometry and the human soul With this new theory of biological evolution the divide between science and religion disappears *Ultimate Deceit of the Human Race* Ezzrath Baht Shem,2001-02 Ultimate Deceit of the Human Race exposes truth about religion s divisive vengeful and jealous God dogma focusing primarily on Christianity Judaism and Islam She presents new thought and reasoning to replace destructive belief patterns in hopes of establishing love compassion and unity among all human beings irregardless of race religion nationality or sex *Yang Tingyun, Confucian and Christian in Late Ming China* Nicolas Standaert,2021-09-13 **Trigger Point Therapy for Myofascial Pain** Donna Finando,Steven Finando,2005-08-22 A clinical reference manual for the evaluation and treatment of muscle pain Contains detailed illustrations of pain patterns and trigger point locations 15 000 copies sold in first hardcover edition Myofascial pain syndromes are among the fastest growing problems that physicians osteopaths acupuncturists and physical occupational and massage therapists encounter in their patients In Trigger Point Therapy for Myofascial Pain Donna and Steven Finando have organized vast amounts of information on treating myofascial pain into an accessible user s manual for healthcare practitioners They examine a wide range of pain patterns and present evaluation and palpation techniques for reducing trigger points and thereby alleviating pain in the most clinically significant musculature of the body This comprehensive yet easy to use reference guide to treatment of muscle pain begins with chapters on the concept of Qi and its relationship to myology specific trigger point location and activation and palpatory skill building techniques Subsequent sections provide detailed information on each muscle to teach clinicians to
