Georgia through Earth, Fire, Air and Water Michael P. Berman, 2012-05-25 Despite being located on the extreme eastern boundary of Europe and having been frequently conquered by invading people from Asia including Arabs Turks Persians Mongols and more recently Russians Georgians still regard themselves very much as Europeans and it is to becoming a future member state of the EU that the majority of the people now aspire As for the traditional folk tales from the region one of their main characteristics is that they are packed with action Whilst a written literary novel or short story might devote paragraphs to descriptions of people or places these tales usually settle for an adjective or two a thick impassable forest a handsome stately man or a formula such as not seen beneath the sun beauty Many of the heroes and heroines do not even have names Hunt 1999 p 8 Safely cocooned or so we like to kid ourselves in our sanitised western urban environment we tend to take the elements for granted However tales from a time when the Earth was new help to jolt us out

of our daily lethargy as do the stories in this collection a number of which have never been translated from Georgian direct into English before

Russian Tales of Love and Life Jack V. Haney, 2006 **Valencian Folktales** Paul Scott Derrick, Maria-Lluïsa Gea-Valor, 2022-11-30 Enric Valor is one of the most important Valencian authors of the 20th century This selection of his highly popular rondalles folk tales will for the first time introduce his work to an English speaking audience At a time when Catalan was under threat from the cultural bulldozer of the Franco regime which condemned the use of anything but Castilian Spanish in public communication Valor went to great lengths to disseminate knowledge of the language through writing grammars and linguistic studies as well as teaching it to fellow inmates when he was imprisoned by the regime for his cultural activities These tales collected over a number of years in small villages in the province of Alacant

were a significant part of his ongoing efforts to safeguard the Catalan language and the culture and history of the region The Rondalles Valencianes have been compared to Italo Calvino's Italian Folk Tales and Henri Pourrat's Treasury of French Folk Tales Like them Valor aimed in rewriting the oral material to establish a common national body of folk narratives and to make the stories more appealing to Valencian readers young and old alike The critical Introduction provides an outline of the author's life and an overview of his work as novelist, grammarian and folklorist as well as an assessment of the tales which identifies their place within the broader European folklore tradition

LUPIN - The Adventures of Gentleman Thief Maurice Leblanc, 2023-12-16 LUPIN The Adventures of Gentleman Thief presents a captivating collection of tales centered around the dashing and cunning anti-hero Arsène Lupin, a gentleman burglar whose exploits challenge the notions of morality and justice Written in a style that seamlessly blends suspense with humor Leblanc employs a vivid narrative voice that reflects the Belle époque era's fascination with both innovation and crime Each story masterfully weaves complex plots characterized by elaborate heists, clever disguises and the thrill of outsmarting law enforcement particularly the detective Sherlock Holmes showcased in the iconic story Arsène Lupin versus Herlock Sholmes Leblanc's vibrant characterizations and witty dialogue not only entertain but also critique the socio-economic divides of early 20th century France Maurice Leblanc, a French author born in 1864, drew inspiration from the burgeoning urban environment and socio-political dynamics of his time His background in literature and journalism coupled with a penchant for mystery and detective stories positioned him uniquely to create Lupin, who embodies the charm and rebellion against societal norms Moreover, the influence of serial publication formats during Leblanc's era can be seen in the episodic nature of the stories appealing to a burgeoning readership LUPIN The Adventures of Gentleman Thief is a must-read for enthusiasts of classic detective fiction and those intrigued by the complexities of morality Its lessons on cunning and charm remain timeless, rendering it not only an exciting read but a reflection on the dualities of crime and justice This collection invites readers to delight in the escapades of a character who blurs the lines between hero and villain, making it an essential addition to any literary collection
