Hungry and Starving James R. Gibson,2024-02-13 In the wake of Vladimir Lenin s death in 1924 various protagonists grappled to become his successor but it was not until 1928 that Joseph Stalin emerged as leader of the Russian Marxists Bolshevik wing Surrounded by an increasingly hostile capitalist world Stalin reasoned that Soviet Russia had to industrialize in order to survive and prosper But domestic capital was scarce so the country s minerals timber and grain were sold abroad for hard currency for funding the development of heavy industry Claiming total control of agricultural management and production Stalin implemented the collectivization of farming consolidating small peasant holdings into large collective farms and controlling their output The program was economically successful but it came at a high social cost as the state encountered intense resistance and between 1928 and 1934 collectivization led to the deaths of at least ten million people from starvation and associated diseases Hungry and Starving elicits the voices of both the culprits and the victims at the centre of this horrific process Through primary accounts of collectivization as well as the eyewitness observations of ambassadors reporters tourists fellow travellers Russian emigr s tsarist officials aristocrats scientists and technical specialists James Gibson engages the crucial notions and actors in the academic discourse of the period He finds that the famine lasted longer than is commonly supposed that it took place on a national rather than a regional scale and that while the famine was entirely man made the result of the ruthless manner in which collectivization was executed and enforced it was neither deliberate nor ethnically motivated given that it was not in the Soviet state s economic or political interest to engage in genocide Highlighting the experiences of life and death under Stalin s ruthless regime Hungry and Starving offers a broader understanding of the Great Soviet Famine

Stalin's Forgotten Zion Robert Weinberg,1998-05-25 The history of Birobidzhan provides an unusual point of entry both to the Jewish question in Russia and to an exploration of the fate of Soviet Jewry under Communist rule

Drug Politics David C. Jordan,2016-01-22 Drug Politics is an enlightening new book by a man who knows this disturbing and dangerous subject A former United States ambassador to Peru David C Jordan has testified before the U S Senate and House Foreign Relations committees and has consulted with various government security organizations His account of government protection of the criminal elements intertwined with local and global politics challenges many of the

assumptions of current drug policies Using examples from South America Mexico Russia and the United States Jordan shows that the narcotics problem is not merely one of supply and demand Jordan argues that many national and international financial systems are dependent on cash from money laundering and some governments are far more involved in protecting than in combating criminal cartels

An Almanac for Moderns Donald Culross Peattie,2013-10-10 An Almanac for Moderns contains a short essay for each day of the year that contemplates a unique but factual aspect of unbridled nature According to a review in Nation this collection of essays manages to appeal to the ordinary lover of nature but the turn of Peattie s mind is poetic and speculative The New York Times calls this book a fine and subtle perception rising at times to an intense lyric beauty a book which the reader will deeply treasure and to which he will repeatedly return
