Lisey's Story Stephen King,2008-09-09 Two years after losing her husband of twenty five years Lisey looks back at the sometimes frightening intimacy that marked their marriage her husband s successes as a novelist and his secretive nature that established Lisey s supernatural belief systems *An End To Murder* Colin Wilson,Damon Wilson,2015-09-24 Creatively and intellectually there is no other species that has ever come close to equalling humanity s achievements but nor is any other species as suicidally prone to internecine conflict We are the only species on the planet whose ingrained habit of conflict constitutes the chief threat to our own survival Human history can be seen as a catalogue of cold hearted murders mindless blood feuds appalling massacres and devastating wars but with developments in forensic science and modern psychology and with raised education levels throughout the world might it soon be possible to reign in humanity s homicidal habits Falling violent crime statistics in every part of the world seem to indicate that something along

those lines might indeed be happening Colin and Damon Wilson who between them have been covering the field of criminology for over fifty years offer an analysis of the overall spectrum of human violence They consider whether human beings are in reality as cruel and violent as is generally believed and they explore the possibility that humankind is on the verge of a fundamental change that we are about to become truly civilised As well as offering an overview of violence throughout our history from the first hominids to the twenty first century touching on key moments of change and also indicating where things have not changed since the Stone Age they explore the latest psychological forensic and social attempts to understand and curb modern human violence To begin with they examine questions such as Were the first humans cannibalistic Did the birth of civilisation also lead to the invention of war and slavery Priests and kings brought social stability but were they also the instigators of the first mass murders Is it in fact wealth that is the ultimate weapon They look at slavery and ancient Roman sadism but also the possibility that our own distaste for pain and cruelty is no more than a social construct They show how the humanitarian ideas of the great religious innovators all too quickly became distorted by organised religious structures The book ranges widely from fifteenth century Baron Gilles de Rais Bluebeard the first known and possibly most prolific serial killer in history to Victorian domestic murder and the invention of psychiatry and Sherlock Holmes and the invention of forensic science from the fifteenth century Taiping Rebellion in China in which up to 36 million died to the First and Second World Wars and more recent genocides and instances of ethnic cleansing and contemporary terrorism They conclude by assessing the very real possibility that the internet and the greater freedom of information it has brought is leading gradually to a profoundly more civilised world than at any time in the past *H.G.Wells and the Modern Novel* J. R. Hammond,1988-06-18

H.G. Wells and the Short Story J. Hammond,1992-09-15 H G Wells is justly famous as a writer of short stories but for too long the originality of his contribution in this field has been unacknowledged The present study argues that in his short stories Wells was not simply emulating the styles and themes of his predecessors but making a distinctive contribution to the genre grounded firmly in his approach to fiction The study demonstrates that Wells s short stories merit far closer critical attention than they have yet received and possess considerable psychological and symbolic insight *Wisconsin Library Bulletin* ,1935

The Awakening & Other Stories Kate Chopin, 2017-08-15 The Awakening shocked turn of the century readers with its forthright treatment of sex and suicide Departing from literary convention Kate Chopin failed to condemn her heroine's desire for an affair with the son of a Louisiana resort owner whom she meets on vacation The power of sensuality the delusion of ecstatic love and the solitude that accompanies the trappings of middle and upper class life are the themes of this now classic novel As Kaye Gibbons points out in her Introduction Chopin was writing American realism before most Americans could bear to hear that they were living it Set in New Orleans and on the Louisiana Gulf coast at the end of the 19th century the plot centers on Edna Pontellier and her struggle between her increasingly unorthodox views on femininity and motherhood with the prevailing social attitudes of the turn of the century American South It is one of the earliest American novels that focuses on women's issues without condescension It is also widely seen as a landmark work of early feminism generating a mixed reaction from contemporary readers and critics The novel's blend of realistic narrative incisive social commentary and psychological complexity makes The Awakening a precursor of American modernist literature it prefigures the works of American novelists such as William Faulkner and Ernest Hemingway and echoes the works of contemporaries such as Edith Wharton and Henry James It can also be considered among the first Southern works in a tradition that would culminate with the modern masterpieces of Faulkner Flannery O'Connor Eudora Welty Katherine Anne Porter and Tennessee Williams The novel opens with the Pontellier family L once a New Orleans businessman of Louisiana Creole heritage his wife Edna and their two sons Etienne and Raoul vacationing on Grand Isle at a resort on the Gulf of Mexico managed by Madame Lebrun and her two sons Robert and Victor Edna spends most of her time with her close friend Adèle Ratignolle who cheerily and boisterously reminds

Edna of her duties as a wife and mother At Grand Isle Edna eventually forms a connection with Robert Lebrun a charming earnest young man who actively seeks Edna s attention and affections When they fall in love Robert senses the doomed nature of such a relationship and flees to Mexico under the guise of pursuing a nameless business venture The narrative focus moves to Edna s shifting emotions as she reconciles her maternal duties with her desire for social freedom and to be with Robert When summer vacation ends the Pontelliers return to New Orleans Edna gradually reassesses her priorities and takes a more active role in her own happiness She starts to isolate herself from New Orleans society and to withdraw from some of the duties traditionally associated with motherhood L once eventually talks to a doctor about diagnosing his wife fearing she is losing her mental faculties The doctor advises L once to let her be and assures him that things will return to normal When L once prepares to travel to New York City on business he sends the boys to his mother Left home alone for an extended period gives Edna physical and emotional room to breathe and reflect on various aspects of her life While her husband is still away she moves out of their home and into a small bungalow nearby and begins a dalliance with Alc e Arobin a persistent suitor with a reputation for being free with his affections Edna is shown as a sexual being for the first time in the novel but the affair proves awkward and emotionally fraught Edna also reaches out to Mademoiselle Reisz a gifted pianist whose playing is renowned but who maintains a generally hermetic existence Her playing had moved Edna profoundly earlier in the novel representing what Edna was starting to long for independence Mademoiselle Reisz focuses her life on music and herself instead of on society s expectations acting as a foil to Ad le Ratignolle who encourages Edna to conform Reisz is in contact with Robert while he is in Mexico receiving letters from him regularly Edna begs her to reveal their contents which she does proving to Edna that Robert is thinking about her Eventually Robert returns to New Orleans At first aloof and finding excuses not to be near Edna he eventually confesses his passionate love for her He admits that the business trip to Mexico was an excuse to escape a relationship that would never work Edna is called away to help Ad le with a difficult childbirth Ad le pleads with Edna to think of what she would be turning her back on if she did not behave appropriately When Edna returns home she finds a note from Robert stating that he has left forever as he loves her too much to shame her by engaging in a relationship with a married woman In devastated shock Edna rushes back to Grand Isle where she had first met Robert Lebrun from Wikipedia
