The Cuban Revolution Nelson P. Valdés, Edwin Lieuwen, 1971 **The Cuban Revolution. A research-study guide 1959-1969. By Nelson P. Valdes and Edwin Lieuwen.(1. ed.)** Nelson P. Valdes, Edwin Lieuwen, 1971 *Art and Revolution in Latin America, 1910-1990* David Craven, 2006-01-01 In this uniquely wide ranging book David Craven investigates the extraordinary impact of three Latin American revolutions on the visual arts and on cultural policy The three great upheavals in Mexico 1910 40 in Cuba 1959 89 and in Nicaragua 1979 90 were defining moments in twentieth century life in the Americas Craven discusses the structural logic of each movement s artistic project by whom how and for whom artworks were produced and assesses their legacies In each case he demonstrates how the consequences of the revolution reverberated in the arts and cultures far beyond national borders The book not only examines specific artworks originating from each revolution s attempt to deal with the challenge of socializing the arts but also the engagement of the working classes in Mexico Cuba and Nicaragua with a tradition of the fine arts made newly accessible through social transformation Craven considers how each revolution dealt with the pressing problem of creating a dialogical art one that reconfigures the existing artistic resource rather than one that just reproduces a populist art to keep things as they were In addition the author charts the impact on the revolutionary processes of theories of art and education articulated by such thinkers as John Dewey and Paulo Freire The book provides a fascinating new view of the Latin American revolutionaries from artists to political leaders who defined art as a fundamental force for the transformation of society and who bequeathed new ways of thinking about the relations among art ideology and class within a revolutionary process **Revolutionary Change in Cuba** Carmelo Mesa-Lago, 1972-01-15 Cuba has been transformed more radically within one decade than almost any society in recent history Yet the Cuban Revolution is poorly understood abroad because of its physical and political isolation the controversies between adherents of the old and new regimes and the murky skirmishes of the cold war This collection of essays is a comprehensive and authoritative study of almost all major aspects of socialist Cuba It draws together the talents of the ablest group of Cuban specialists ever represented in a single volume **Guide to the Hispanic American Historical Review, 1956-1975** Wilber A. Chaffee, Beecher C. Ellison, 1980 *Cuban Youth and Revolutionary Values* Denise F. Blum, 2011-01-15 Drawing on extensive fieldwork in Havana s secondary schools Cuban Youth and Revolutionary Values is a remarkable ethnography charting the government s attempts to transform a future generation of citizens While Cuba s high literacy rate is often lauded the little known dropout rates among teenagers receive less scrutiny In vivid succinct reporting educational anthropologist Denise Blum now shares her findings regarding this overlooked aspect of the Castro legacy Despite the fact that primary school enrollment rates exceed those of the United States the reverse is true for the crucial years between elementary school and college After providing a history of Fidel Castro s educational revolution begun in 1953 Denise Blum delivers a close examination of the effects of the program which was designed to produce a

society motivated by benevolence rather than materialism Exploring pioneering pedagogy the notion of civic education and the rural components of the program Cuban Youth and Revolutionary Values brims with surprising findings about one of the most intriguing social experiments in recent history *Response to Revolution* Richard E. Welch Jr.,2017-10-01 The Cuban Revolution was a catalyst in shaping American foreign policy over the past generation Welch s study is the first detailed evaluation of U S policy toward Cuba in the early years of the Castro regime and the first effort to analyze public sentiment during that crucial period Our response to Cuba was a mirror of our Cold War assumptions and frustrations and of our apprehensions concerning revolutionary movements abroad *The Cuban Missile Crisis, 1962* ,1990 **Cuba** Leslie Bethell,1993-03-26 Brings together four chapters from volumes III V and VII of The Cambridge History of Latin America aiming to provide scholars students and general readers with a concise history of this important island nation It covers Cuba s development from the mid 18th century Cuba ,1975 **Conflict and Change in Cuba** Enrique A. Baloyra,James A. Morris,1993 The thirteen original essays in this volume explore the dynamics of continuity conflict and change in Cuba Analyzed here are the historical trends and patterns of conflict in Cuba compared to contradictions that inevitably arise in any political system Contesting Castro Thomas G. Paterson,1995 Describes Castro s insurrection from a 1955 fund raising trip to the United States to the Cuban Revolution **The Cuban Revolution as Socialist Human Development** Henry Veltmeyer,Mark Rushton,2011-11-11 The book argues that the Cuban Revolution should be understood as a model of socialist human development Several particular features of this model were critical to the survival of the Cuban Revolution under conditions of neoliberal globalization **Revolution in the Americas** Pacific Coast Council on Latin American Studies. Meeting,1979 **Professional Journal of the United States Army** ,1971 Resource Materials in Radical Political Economics ,1974 *Prose Fiction of the Cuban Revolution* Seymour Menton,2014-05-23 Recipient of the Hubert Herring Memorial Award from the Pacific Coast Council on Latin American Studies for the best unpublished manuscript of 1973 *Prose Fiction of the Cuban Revolution* is an in depth study of works by Cubans Cuban exiles and other Latin American writers Combining historical and critical approaches Seymour Menton classifies and analyzes over two hundred novels and volumes of short stories revealing the extent to which Cuban literature reflects the reality of the Revolution Menton establishes four periods 1959 1960 1961 1965 1966 1970 and 1971 1973 that reflect the changing policies of the revolutionary government toward the arts Using these periods as a chronological guideline he defines four distinct literary generations records the facts about their works establishes coordinates and formulates a system of literary and historical classification He then makes an aesthetic analysis of the best of Cuban fiction emphasizing the novels of major writers including Alejo Carpentier s *El siglo de las luces* and Jos Lezama Lima s *Paradiso* He also discusses the works of a large number of lesser known writers which must be considered in arriving at an accurate historical tableau Menton s exploration of the short story combines a thematic and stylistic analysis of nineteen anthologies with a close study of six authors

Guillermo Cabrera Infante Calvert Casey Humberto Arenal Antonio Ben tez Jes s D az Rodr guez and Norberto Fuentes
Several chapters are devoted to the increasing number of novels and short stories written by Cuban exiles as well as to the
eighteen novels and one short story written about the Revolution by non Cubans such as Julio Cort zar Carlos Mart nez
Moreno Luisa Josefina Hern ndez and Pedro Juan Soto In studying literary works to reveal the intrinsic consciousness of a
historical period Menton presents not only his own views but also those of Cuban literary critics In addition he clarifies the
various changes in the official attitude toward literature and the arts in Cuba using the revolutionary processes of several
other countries as comparative examples **The Library Journal Book Review** ,1971 NACLA's Latin America &
