## Story Of A Secret State:

**Story of a Secret State** Jan Karski, 2013-02-22 Jan Karski's Story of a Secret State stands as one of the most poignant and inspiring memoirs of World War II and the Holocaust. With elements of a spy thriller documenting his experiences in the Polish Underground and as one of the first accounts of the systematic slaughter of the Jews by the German Nazis, this volume is a remarkable testimony of one man's courage and a nation's struggle for resistance against overwhelming oppression. Karski was a brilliant young diplomat when war broke out in 1939 with Hitler's invasion of Poland. Taken prisoner by the Soviet Red Army, which had simultaneously invaded from the East, Karski narrowly escaped the subsequent Katyn Forest Massacre. He became a member of the Polish Underground, the most significant resistance movement in occupied Europe, acting as a liaison and courier between the Underground and the Polish government in exile. He was twice smuggled into the Warsaw Ghetto and entered the Nazi's Izbica transit camp disguised as a guard, witnessing first hand the horrors of the Holocaust. Karski's courage and testimony conveyed in a breathtaking manner in Story of a Secret State offer the narrative of one of the world's greatest eyewitnesses and an inspiration for all of humanity, emboldening each of us to rise to the challenge of standing up against evil and for human rights. This definitive edition, which includes a foreword by Madeleine Albright, a biographical essay by Yale historian Timothy Snyder, an afterword by Zbigniew Brzezinski, previously unpublished photos, notes, further reading, and a glossary, is an apt legacy for this hero of conscience during the most fraught and fragile moment in modern history.

**Remember This** Clark Young, Derek Goldman, 2021-11-01 A powerful remembrance of the lessons and legacy of Jan Karski, who risked his life to share the truth with the world and a cautionary tale for our times. Richly illustrated with stills from the black and white film adaptation of the acclaimed stage play Remember This, The Lesson of Jan Karski tells the story of World War II hero, Holocaust witness, and Georgetown University professor Jan Karski. A messenger of truth, Karski risked his life to carry his harrowing reports of the Holocaust from war-torn Poland to the Allied nations and ultimately the Oval Office, only to be ignored and disbelieved. Despite the West's unwillingness to act, Karski continued to tell others about the atrocities he saw, and after a period of silence, would do so for the remainder of his life. This play carries forward his legacy of bearing witness so that future generations might be inspired to follow his example and shake the conscience of the world. Accompanying the text of the stage play in this volume are essays and conversations from leading diplomats, thinkers, artists, and writers who reckon with Karski's legacy, including Secretary of State Madeleine Albright, Ambassador Stuart Eizenstat, award-winning author Aminatta Forna, best-selling author Azar Nafisi, President Emeritus of Georgetown, Leo J. O'Donovan, SJ, Ambassador Samantha Power, Ambassador Cynthia P. Schneider, historian Timothy Snyder, Academy Award-nominated actor David Strathairn, and best-selling author Deborah Tannen.

**Agent Zo** Clare Mulley, 2024-12-03 The incredible and inspiring story of Elzbieta Zawacka, the World War II female resistance fighter known as Agent Zo. During World War II, Elzbieta Zawacka, the WW2 female resistance fighter known as Agent Zo, was the

only woman to reach London as an emissary of the Polish Home Army command In Britain she became the only woman to join the Polish elite Special Forces known as the Silent Unseen She was secretly trained in the British countryside and then she was the only female member of these forces to be parachuted back behind enemy lines to Nazi occupied Poland There while being hunted by the Gestapo who arrested her entire family she took a leading role in the Warsaw Uprising and the liberation of Poland After the war she was discharged as one of the most highly decorated women in Polish history Yet the Soviet backed post war Communist regime not only imprisoned and tortured her but also ensured that her remarkable story remained hidden for over forty years Now through new archival research and exclusive interviews with people who knew and fought alongside Agent Zo Clare Mulley brings this forgotten heroine back to brilliant life while transforming how we value the history of women resistance fighters during World War II

Cruel World Lynn H. Nicholas, 2011-05-25 To be a child in mid twentieth century Europe was to be not a person but an object available for use in the service of the totalitarian state Very soon after Adolf Hitler came to power policies of eugenic selection and euthanasia began to weed ill or disabled children out of the New Order by poison gas and starvation Defect free good blood children were subjected to an education based on racism propaganda and the glorification of the Führer and were deliberately deprived of free time that would allow independent thought or action Once the war began Nordic looking children were kidnapped from families in the conquered lands and subjected to Germanization Meanwhile hundreds of thousands of bad blood children Jews Gypsies Poles Ukrainians Russians were separated from their families and condemned to forced migration slave labor sadistic experiments starvation and mass execution At the end of the war uprooted children of every origin wandered the bombed out cities and countryside some having been taken from home at such a young age that they did not know where they had come from or even their own names Millions surged into and out of DP camps exploited by political and religious groups while the Allies and the fledgling United Nations tried mightily to put families back together and to find new homes for the orphans All the riveting narrative skill and impeccable scholarship that distinguished Lynn Nicholas's first book *The Rape of Europa* winner of the National Book Critics Circle Award for nonfiction are present in her study of these terrible crimes against humanity To research this story she has delved into the governmental and military archives of many nations and has interviewed countless individuals She shows the relationship of the deadly Nazi policies to the brutal tactics used in the USSR in the 1930s and to their rehearsal in the Spanish Civil War and vividly describes the abject failure of Hitler's campaign to plant Germanizing colonies in the conquered nations She gives us the stories of survivors of ghastly war spawned famines in Greece and Russia in the 1940s Holland in the Hunger Winter of 1945 and Berlin in the Airlift year of 1949 and of British French and Dutch children who were evacuated to the countryside boys and girls sent alone from Europe to England on the Kindertransports the teenaged soldiers of the Reich the small veterans of the quarries the factories and the camps as well as those who survived in lonely hiding In *Cruel World* Lynn Nicholas shows us clearly and with passionate empathy for the innocent victims the crimes

against children that inevitably result when ideology overwhelms humanity This powerful book as it recounts the waking nightmare that enmeshed the lives of Europe s boys and girls bears witness to our own responsibility to the children of the twenty first century     Warsaw 1944 Alexandra Richie,2013-12-10 History     "*A Problem from Hell*" Samantha Power,2013-05-14 From former UN Ambassador and author of the New York Times bestseller *The Education of an Idealist* Samantha Power the Pulitzer Prize winning book on America s repeated failure to stop genocides around the world In her prizewinning examination of the last century of American history Samantha Power asks the haunting question Why do American leaders who vow never again repeatedly fail to stop genocide Power a professor at the Harvard Kennedy School and the former US Ambassador to the United Nations draws upon exclusive interviews with Washington s top policymakers thousands of declassified documents and her own reporting from modern killing fields to provide the answer *A Problem from Hell* shows how decent Americans inside and outside government refused to get involved despite chilling warnings and tells the stories of the courageous Americans who risked their careers and lives in an effort to get the United States to act A modern classic and an angry brilliant fiercely useful absolutely essential book New Republic *A Problem from Hell* has forever reshaped debates about American foreign policy Winner of the Pulitzer Prize Winner of the Robert F Kennedy Book Award Winner of the National Book Critics Circle Award Winner of the J Anthony Lukas Book Prize Winner of the Anisfield Wolf Book Award Winner of the Raphael Lemkin Award     The Court at War Cliff Sloan,2023-09-19 The inside story of how one president forever altered the most powerful legal institution in the country with consequences that endure today By the summer of 1941 in the ninth year of his presidency Franklin Roosevelt had molded his Court He had appointed seven of the nine justices the most by any president except George Washington and handpicked the chief justice But the wartime Roosevelt Court had two faces One was bold and progressive the other supine and abject cowed by the charisma of the revered president The Court at War explores this pivotal period It provides a cast of unforgettable characters in the justices from the mercurial Vienna born intellectual Felix Frankfurter to the Alabama populist Hugo Black from the western prodigy William O Douglas FDR s initial pick to be his running mate in 1944 to Roosevelt s former attorney general and Nuremberg prosecutor Robert Jackson The justices shameless capitulation and unwillingness to cross their beloved president highlight the dangers of an unseemly closeness between Supreme Court justices and their political patrons But the FDR Court s finest moments also provided a robust defense of individual rights rights the current Court has put in jeopardy Sloan s intimate portrait is a vivid instructive tale for modern times     The Vichy Past in France Today Richard J. Golsan,2016-12-20 The Vichy Past in France Today *Corruptions of Memory* is an interdisciplinary study examining the continuing impact of the memory of Vichy and World War II in French politics literature intellectual discourse and debates and the law It argues that despite multiple efforts in all of these areas to come to terms with France s World War II past and to fulfill a duty to memory to Vichy s Jewish victims the nation is still not reconciled to the so called Dark Years even seventy years after the Liberation

Indeed the Vichy past occupies important recent works of literature inflects much political discussion and debate often serving as a metaphor for political and moral evil Its legacies include the passage of problematic laws that dangerously distort and simplify complex historical realities Chapter I examines the historical and legal legacies of the 1990s trials for crimes against humanity and traces their impact on the so called memorial laws of the new century Chapter II revisits the 2002 presidential elections in France and the impact of Jean Marie Le Pen s first round victory on intellectual and cultural debate Chapter III explores Alain Badiou s controversial characterization of Sarkozy s presidential victory as a return of Petainism in *The Meaning of Sarkozy* The discussion is cast against the backdrop of Badiou s radical political thought and Sarkozy s political uses and misuses of the World War II past Chapter IV examines the controversy surrounding the publication of Jonathan Littell s *The Kindly Ones* 2006 and its morally and historically problematic portrayal of an unrepentant Nazi and SS officer Chapter V discusses Yannick Haenel s fictional recreation of the Polish resistance hero Jan Karski *The Messenger* 2009 in his novel by that name and the polemics between the novel s author and the maker of the classic Holocaust documentary film *Shoah* Claude Lanzmann The Conclusion first explores the ways in which the memory of Vichy inflects literary and political reflections on the recent terrorist attacks in France It also examines strategies proposed by French philosophers for moving beyond the impasse of Vichy s memory in France before concluding with a different strategy proposed by the author for the French nation to move beyond the memory of the Dark Years

[Auschwitz, the Allies and Censorship of the Holocaust](#) Michael Fleming, 2014-04-17 An important contribution to the ongoing debate about what the Allies knew about the concentration camps during the Second World War

[Resistance](#) Nechama Tec, 2013-05-02 In this careful study of Jewish and non Jewish resistance during World War II Holocaust scholar Tec Nechama argues that Jews were not passive or submissive in the face of German oppression but that their efforts had different aims and expressions than those of their non Jewish counterparts
