## **Strabo Geography Volume 6s 13 14 Loeb Classical Library:**

**Prophets, Prophecy, and Oracles in the Roman Empire** Leslie Kelly, 2017-12-06 This book surveys the uses and function of prophecy prophets and oracles among Jews Christians and pagans in the first three centuries of the Roman Empire and explores how prophecy and prophetic texts functioned as a common language that enabled religious discourse to develop between these groups It shows that each of these cultures believed that it was in prophetic texts and prophetic utterances that they could find the surest proof of their religious beliefs and a strong confirmation of their group identity

**A Cognitive Analysis of the Main Apolline Divinatory Practices** Giulia Frigerio, 2023-05-05 This volume takes an innovative interdisciplinary approach to investigating divination procedures at sanctuaries of Apollo in Classical and Hellenistic Greece merging neuroscience psychology and behavioural studies with archaeology Through a deep analysis of primary sources and the historical and cultural context of these procedures Frigerio reconstructs the precise schemata of knowledge and cognitive associations pertaining to ancient visitors of the Oracle highlighting neural inputs they received inside their minds in these specific situations The author engages with the archaeological record studying the cognitive input that both seekers and prophets experienced from features of the outside world such as landscape architecture and temperature This innovative methodology allows for a new understanding of divinatory practices and the formulation of new hypotheses In addition this study offers a powerful tool for decoding divination and engaging with the archaeological record in future research A Cognitive Analysis of the Main Apolline Divinatory Practices is a fascinating read for students and scholars working on divination and cognition in ancient Greek religion as well as in religion in the Classical and Hellenistic periods more broadly

**The Image of the Invisible God** Travis R. Niles, 2023-11-09 Given the human propensity for making and using various kinds of images it is little surprise that religious philosophical authors from various ancient cultures used the concept of an image when speaking of the divine What does the author of Colossians mean to convey by calling Jesus Christ the image of the invisible God Through an examination of various image discourses and a detailed exegetical study of Colossians 1 15 20 T R Niles situates the image concept of Colossians within the image discourse of the first century A D and elucidates its specific contours

**Women in Antiquity** Stephanie Lynn Budin, Jean Macintosh Turfa, 2016-08-12 This volume gathers brand new essays from some of the most respected scholars of ancient history archaeology and physical anthropology to create an engaging overview of the lives of women in antiquity The book is divided into ten sections nine focusing on a particular area and also includes almost 200 images maps and charts The sections cover Mesopotamia Egypt Anatolia Cyprus the Levant the Aegean Italy and Western Europe and include many lesser known cultures such as the Celts Iberia Carthage the Black Sea region and Scandinavia Women's experiences are explored from ordinary daily life to religious ritual and practice to motherhood childbirth sex and building a career Forensic evidence is also treated for the actual bodies of ancient women Women in Antiquity is edited by two experts in the field and is an invaluable

resource to students of the ancient world gender studies and women's roles throughout history      Numismatics and Greek Lexicography Michael P. Theophilos, 2019-11-28 Michael P Theophilos explores the fascinating variety of numismatic contributions to Greek lexicography pertaining to lexicographic studies of the Second Temple period in general and the New Testament in particular Theophilos considers previous scholarly attempts to grapple with and incorporate critical numismatic material into the emerging discipline of Greek lexicography including foundational work by F Preisigke and E Kiessling before outlining his own methodological approach Theophilos then examines the resources available for engaging with the numismatic material and presents a series of specific case studies throughout the New Testament material His carefully annotated images of coins draw readers in to a greater understanding of the material culture of the Greco Roman world and how this impacted upon the Greek language and the New Testament      *Thera and the Exodus* Riaan Booysen, 2013-02-08 Of all the volcanic eruptions that shook the earth two of the volcano on the Aegean island Thera modern Santorini are more important to the modern world than any other Not only did they lead to the formation of the people known as the Israelites but indirectly also gave birth to the god of Judaism Islam and Christianity The biblical Exodus of the Israelites from Egypt is closely linked to these two eruptions the second which occurred ca 1450 1410 BCE during the reign of Amenhotep III Egypt's golden pharaoh The fallout of the eruption caused a deadly plague to break out in Egypt and to appease the perceived anger of the gods Amenhotep ordered all firstborn in Egypt to be sacrificed in fires His firstborn son Crown Prince Tuthmosis was first in line to be sacrificed but was saved from the fire in the nick of time an event recorded as the burning bush episode in the Bible Prince Tuthmosis became the biblical Moses and the events of that followed are now finally revealed      *Patterns in the History of Polycentric Governance in European Cities* Cédric Brélaz, Thomas Lau, Hans-Joachim Schmidt, Siegfried Weichlein, 2024-03-18 The autonomy granted to local communities such as towns municipalities and city states by larger central powers such as empires kings lords and central states is a recurrent feature of European history over time from Antiquity to the contemporary period This volume explores the political social and cultural aspects of this feature in a diachronic and comparative perspective from the Roman Empire to today's city partnerships To this end it uses the concept of polycentric governance Originally developed by political economist Vincent Ostrom in the 1960s and then expanded by the 2009 winner of the Nobel Prize in Economics political scientist Elinor Ostrom this concept characterises the interdependent system of relations between different actors involved in a process and for that reason it is frequently used in policy studies This volume applies the concept of polycentric governance to historical studies as a heuristic device to analyse the multilayer systems into which cities were integrated at various points in European history as well as the implications of the coexistence of different political structures Fourteen chapters examine the structures the dynamics and the discourse of polycentric governance through various case studies from the Roman Empire from medieval towns from early modern Europe and from contemporary cities The volume suggests that for extended periods of time throughout European history polycentric

governance has played a pivotal role in the organisation and distribution of political power      *John, Beloved by JESUS* Scott Campbell Brown, 2024-11-08 You are so loved by God that he gave you his only Son that if you believe in him you will not perish but you shall have eternal life Although this is a work of fiction about the Apostle John this book focuses on the truth of the wonderful promises of God for you You is the first word of the novel and it comprises the last non biblical word And you will read that many of the promises have already been kept for as John takes his life journey he learns again and again that from Abraham to Jesus to God s Revelation to him that the Lord himself will provide the Lamb Along the way you will meet the strong women in John s life His birth mother Salome who becomes a faithful follower of Jesus but endures much heartache throughout her life Mary who by the edict of Jesus becomes John s born again mother and teaches him many lessons even as a grown man You will meet the Elect Lady referenced in the Second Letter of John and Lydia the dealer in purple cloth from the book of Acts and the first person from Europe to be baptized There will be some ups and downs You will witness the martyrdoms and the sufferings of the faithful Christians Because even the apostles are sinners you will observe some of that And you may even have a few laughs At times you may become frustrated with John or some of the others And that is a good thing Because although this book tells their stories the great promises of God through the sacrifice and resurrection of Jesus Christ are its most important message for you      *Contacts of Languages and Peoples in the Hittite and Post-Hittite World* , 2025-06-12 During the 1st millennium BCE Pre Classical Anatolia acted as a melting pot and crossroads of languages cultures and peoples The political map of the world changed after the collapse of the Bronze Age the horizon of sea routes was expanded to new interregional networks new writing systems emerged including the alphabets The Mediterranean world changed dramatically and Indo European languages Luwian Lydian but also Phrygian and Greek interacted with increasing intensity with each other and with the neighbouring idioms and cultures of the Syro Mesopotamian Iranian and Aegean worlds With an innovative combination of linguistic historical and philological work this book will provide a state of the art description of the contacts at the linguistic and cultural boundary between the East and the West      *The Spirit in Romans 8* Marcin Kowalski, 2023-12-04 Kowalski addresses the Pauline understanding of S spirit in Romans 8 as compared to the Stoic idea of pneuma The author first analyzes the Stoic views on pneuma perceived in a variety of life giving cognitive ethical unifying reproductive and inspiring functions The aforementioned features are taken as a starting point for the comparison with Paul to which however the third element is added the Jewish texts of the Second Temple period These include the Old Testament but also The Book of Enoch The Book of Jubilees Qumran The Testaments of the Twelve Patriarchs The Psalms of Solomon Philo of Alexandria Flavius Josephus LAB Joseph and Aseneth 4 Book of Ezra and 2 Book of Baruch Such a rich comparative material contributes to the novelty of the book and enables the reader to discover both the similarities and differences between Paul Greco Roman and Jewish authors The study analyzes Romans 8 in its rhetorical context and brings to light the novelty of the Pauline view of the Spirit The apostle portrays it in its primary

cognitive ethical and communitarian function of making the believers similar to Christ and inculcating in them the Lord's mindset and attitudes Paul presents the Spirit as dwelling within a person similarly to God inhabiting the Jerusalem temple and as the mediator of the resurrected life In the original Pauline take the Spirit enables a close union between God and human beings in which the latter keep their freedom and distinctive personal traits
