The Big Time:

The Big Time Fritz Leiber, 2011-06-01 You can't know there's a war on for the Snakes coil and Spiders weave to keep you from knowing it's being fought over your live and dead body Excerpt My name is Greta Forzane Twenty nine and a party girl would describe me I was born in Chicago of Scandinavian parents but now I operate chiefly outside space and time not in Heaven or Hell if there are such places but not in the cosmos or universe you know either I am not as romantically entrancing as the immortal film star who also bears my first name but I have a rough and ready charm of my own I need it for my job is to nurse back to health and kid back to sanity Soldiers badly roughed up in the biggest war going This war is the Change War a war of time travelers in fact our private name for being in this war is being on the Big Time Our Soldiers fight by going back to change the past or even ahead to change the future in ways to help our side win the final victory a billion or more years from now A long killing business believe me You don't know about the Change War but it's influencing your lives all the time and maybe you've had hints of it without realizing Have you ever worried about your memory because it doesn't seem to be bringing you exactly the same picture of the past from one day to the next Have you ever been afraid that your personality was changing because of forces beyond your knowledge or control Have you ever felt sure that sudden death was about to jump you from nowhere Have you ever been scared of Ghosts not the story book kind but the billions of beings who were once so real and strong it's hard to believe they'll just sleep harmlessly forever Have you ever wondered about those things you may call devils or Demons spirits able to range through all time and space through the hot hearts of stars and the cold skeleton of space between the galaxies Have you ever thought that the whole universe might be a crazy mixed up dream If you have you've had hints of the Change War How I got recruited into the Change War how it's conducted what the two sides are why you don't consciously know about it what I really think about it you'll learn in due course **The Big Time**

Michael MacCambridge, 2023-10-10 Indispensable history Sally Jenkins bestselling author of The Right Call A captivating chronicle of the pivotal decade in American sports when the games invaded prime time and sports moved from the margins to the mainstream of American culture Every decade brings change but as Michael MacCambridge chronicles in THE BIG TIME no decade in American sports history featured such convulsive cultural shifts as the 1970s So many things happened during the decade the move of sports into prime time television the beginning of athletes gaining a sense of autonomy for their own careers integration becoming at least within sports more of the rule than the exception and the social revolution that brought females more decisively into sports as athletes coaches executives and spectators More than politicians musicians or actors the decade in America was defined by its most exemplary athletes The sweeping changes in the decade could be seen in the collective experience of Billie Jean King and Muhammad Ali Henry Aaron and Julius Erving Kareem Abdul Jabbar and Joe Greene Jack Nicklaus and Chris Evert among others who redefined the role of athletes and athletics in American culture The Seventies witnessed the emergence of spectator sports as an ever expanding mainstream phenomenon

as well as dramatic changes in the way athletes were paid portrayed and packaged In tracing the epic narrative of how American sports was transformed in the Seventies a larger story emerges of how America itself changed and how spectator sports moved decisively on a trajectory toward what it has become today the last truly big tent in American culture *The Big Time* Red Jordan Arobateau,2011
