The Black Marks He Made Poetry:

The Works of Jack London: Novels, Short Stories, Poems, Plays, Memoirs & Essays Jack London, 2023-12-22 The Works of Jack London Novels Short Stories Poems Plays Memoirs Essays is a comprehensive anthology that encapsulates the multifaceted literary contributions of one of America's most iconic writers. Featuring a rich tapestry of narratives that span adventure, social critique, and existential exploration, this collection showcases London's trademark blend of realism and romanticism. With a keen eye for the natural world and the struggles of the human spirit, London's prose is characterized by vivid imagery and robust dialogue reflecting the tumultuous backdrop of early 20th-century America, a time marked by social upheaval, industrialization, and a burgeoning interest in socialism. Jack London, born in 1876, emerged from a challenging upbringing to become a voice of the working class and the wilderness. His experiences as a gold prospector, sailor, and social activist profoundly shaped his worldview and literary output. London's commitment to exploring themes of survival and the primal instincts of humanity stems from his own life experiences that oscillated between profound hardship and artistic success, producing an oeuvre that resonates with readers of all stripes. This anthology is highly recommended for anyone interested in classic American literature, offering an unparalleled glimpse into the psyche of a writer who was not only a storyteller but also a keen observer of society. London's works remain vital for understanding the interplay between man, nature, and the societal structures that govern human life, making this collection an essential read for scholars, students, and lovers of literature alike.

The Black Marks He Made Shotsie Gorman, 1999-10-01 Poetry's Touch William Waters, 2018-05-31 To whom does a poem speak? Do poems really communicate with those they address? Is reading poems like overhearing intimate conversation? Like performing a script? William Waters pursues these questions by closely reading a selection of poems that say you to a human being, to the reader, to the beloved, or to the dead. In any account of reading lyric poetry, Waters argues, there will be places where the participant roles of speaker, intended hearer, and bystander melt together or away; these are moments of wonder. Looking both at poetry's you and at how readers encounter it, Waters asserts that poetic address shows literature pressing for a close relation with those into whose hands it may fall. What is at stake for us as readers and critics is our ability to acknowledge the claims made on us by the works of art with which we engage. In second-person poems, in a poem's touch, we may come to see why poetry matters to us and how we in turn come to feel answerable to it. Poetry's Touch takes as a central thread the poetry of Rainer Maria Rilke, a writer whose work is unusually self-conscious about poetic address. The book also draws examples from a gamut of European and American poems, ranging from archaic Greek inscriptions to Keats, Dickinson, and Ashbery.
