The Chosen Ricardo Pinto, 2010-09-30 Carnelian is of the Masters cruel beings who rule their kingdom from an earthly paradise hidden in a crater that is the navel of the world Soon after he is born Carnelian's father takes him across the sea to an island in the colourless north Far from the Crater's rituals and pomp their household is allowed to become a family to the boy and the world of the Masters fades to alluring fairy tale In deepest winter years later a ship comes riding before the gales three Masters her only cargo As these giants remove their masks of gold Carnelian is awed by the light that seems to radiate from their skin In formal conclave they ask Carnelian's

father to end his exile and return with them to oversee the election of a new God Emperor His father's agreement feeds Carnelian's longing for the world beyond the sea but as the days pass Carnelian watches with growing horror as the ship's needs devour his home The Masters are indifferent imperious concerned only with their blood politics their majesty As his father becomes strangely powerless Carnelian strives to save his people but when the ship turns her prow towards the stormy sea he knows that he is abandoning them to famine among the ruins of his former home This is the beginning of Carnelian's journey The terror of the tempest yields to the weary grind along the road the climb up the forbidding cliff wall to the Guarded Land and then the frantic rush into the deep south Carnelian's education which began with the starving of his people proceeds with bitter lessons in bloodshed intrigue and betrayal When they finally reach the Canyon of the Three Gates which leads into the Crater Carnelian finds both love and treachery but it is here within the Heaven Wall that he will set in motion the concluding events in a story already ten thousand years old

The Third God Ricardo Pinto, 2010-07-31 Amidst the massacre he himself helped bring about Carnelian is now desperate to find a way to avoid more carnage But it is too late for that His spurned lover Osidian seeking revenge and determined to win back his stolen throne has deliberately stoked the wrath of the Masters who rule the world from its centre Osrakum Osidian's actions have stirred into motion political events in Osrakum which threaten to overturn the millennial repressive order of the Commonwealth Carnelian learns that he and those he loves are now inextricably enmeshed in the terrible power game of the Masters If he and they are to survive he has no choice but to play that game himself though he does not know how He has no choice but to stand with Osidian in defiance of the invincible power of the Masters No choice but to take his loved ones deeper into peril In his struggle he will find unlooked for allies and guidance with dreadful motives of its own And ultimately he will unleash apocalyptic forces which will bring him and his world to a reckoning none could have foreseen though it has been simmering for four thousand years
