Strands Of Starlight C:

Cauldron of Changes Janice C. Crosby, 2000-01-01 This book examines the spiritual dimensions found in the literature of the fantastic science fiction fantasy and magical realism by linking such novels to actual currents within the feminist spirituality movement Fusing popular culture studies women s studies and close textual analysis the author moves beyond earlier studies that fail to address the genre s use of goddess worship psychic phenomena and reverence for the earth She reveals how such attributes betoken a spiritual awakening with profound implications for contemporary feminism Special emphasis is given to both the struggle to provide an alternative to men centered experience and to the need to articulate ways in which feminists can achieve personal and social power The authors studied represent a variety of American voices and include both firmly established and newer writers such as Marion Zimmer Bradley Kim Chernin Alice Walker Mercedes Lackey Patricia Kennealy Gael Baudino Octavia Butler Lynn Abbey Joan Vinge Toni Morrison Gloria Naylor Ntozake Shange and Starhawk
