STRANGE AFFAIRS OF ADELAIDE HARRIS. Leon Garfield,1971 **The Complete Bostock and Harris** Leon Garfield,2014-11-11 A New York Review Children s Collection Original The Complete Bostock and Harris combines two delightful suspenseful and madly funny tales about two boys in eighteenth century England clever and mischievous Harris and sweet but not so bright Bostock who in spite of their differences are the best of friends In The Strange Affair of Adelaide Harris the wily pair put their classical education to the test when they adopt the Spartan custom of exposing infants to the wild leaving Harris s infant sister Adelaide to the elements The boys imagine a wolf will come to nourish her but their plan backfires It is springtime in The Night of the Comet and in the days before Pigott s comet will pass over their town Harris s and Bostock s thoughts turn to love Bostock swoons over Harris s sister Mary Harris longs for Captain Bostock s telescope The boys strike a deal Bostock will make off with the telescope in exchange for Harris s expert wooing advice Unfortunately that expertise is not quite what Bostock would have hoped *Computer Interpretation of Metaphoric Phrases* Sylvia Weber Russell,2015-11-13 The computational approach of this book is aimed at simulating the human ability to understand various kinds of phrases with a novel metaphoric component That is interpretations of metaphor as literal paraphrases are based on literal meanings of the metaphorically used words This method distinguishes itself from statistical approaches which in general do not account for novel usages and from efforts directed at metaphor constrained to one type of phrase or to a single topic domain The more interesting and novel metaphors appear to be based on concepts generally represented as nouns since such concepts can be understood from a variety of perspectives The core of the process of interpreting nominal concepts is to represent them in such a way that readers or hearers can infer which aspect s of the nominal concept is likely to be intended to be applied to its interpretation These aspects are defined in terms of verbal and adjectival predicates A section on the representation and processing of part sentence verbal metaphor will therefore also serve as preparation for the representation of salient aspects of metaphorically used nouns As the ability to process metaphorically used verbs and nouns facilitates the interpretation of more complex tropes computational analysis of two other kinds of metaphorically based expressions are outlined metaphoric compound nouns such as idea factory and together with the representation of inferences

modified metaphoric idioms such as Put the cat back into the bag **Enser's Filmed Books and Plays** Ellen Baskin, 2018-04-27 This title was first published in 2003 The sixth edition of this compendium of film and television adaptations of books and plays includes several thousand new listings that cover the period from 1992 to December 2001 There are 8000 main entries covering 70 years of film history including some foreign language material Written for Children John Rowe Townsend, 1996 This is a brief readable account of English prose fiction for children from its beginning main streams of development and includes the Courtesy Books of a later age and the work of the remarkable John Newbery in the eighteenth century The nineteenth century which began with Mrs Sherwood's The Fairchild Family designed to strike the fear of hellfire into every child's soul later saw the works of Lewis Carroll Stevenson Henty and the development of the school story from Tom Brown to Stalky Book Jacket **Catalog of Copyright Entries.
