Strange Country Seamus Deane,1999 Strange Country identifies the origin the development and the success of the Irish literary tradition in English as one of the first literature that is both national and colonial Strange Country Seamus Deane,1997 Strange Country identifies the origin the development and the success of the Irish literary tradition in English as one of the first literature that is both national and colonial *Irish Poetry of the 1930s* Alan Gillis,2005-06-23 Irish Poetry of the 1930s offers a provocative new take on Irish literary history and modern poetry It gives detailed and vital readings of the major Irish poets of the period including exciting new analyses of Samuel Beckett Patrick Kavanagh Louis MacNeice and W B Yeats **Body Politics in Contemporary Irish Women's Fiction** Ellen Scheible,2024-12-12 Exploring twentieth and

twenty first century texts that wrestle with the Irish domestic interior as a sexualized and commodified space this book provides readings of the power and authority of the feminized body in Ireland Scheible dissects the ways that the woman as symbol remains consistent in Irish literary representations of national experience in Irish fiction and shows how this problematizes the role of women in Ireland by underscoring the oppression of sexuality and gender that characterized Irish culture during the twentieth century Examining works by Elizabeth Bowen Pamela Hinkson Emma Donoghue Tana French Sally Rooney and James Joyce this book demonstrates that the definition of Irish nationhood in our contemporary experience of capitalism and biopolitics is dependent on the intertwining and paradoxical tropes of a traditional yet equally sexual feminine identity which has been quelled by violence and reproduction **Modernism, Ireland and the Erotics of**

Memory Nicholas Andrew Miller,2002-09-19 In Modernism Ireland and the Erotics of Memory Nicholas Miller re examines memory and its role in modern Irish culture Arguing that a continuous renegotiation of memory is characteristic of Irish modernist writing Miller investigates a series of case studies in modern Irish historical imagination He reassesses Ireland's self construction through external or foreign discourses such as the cinema and proposes readings of Yeats and Joyce as counter memorialists Combining theoretical and historical approaches Miller shows how the modernist handling of history transforms both memory and the story of the past by highlighting readers investments in histories that are produced specifically and concretely through local acts of reading This original study will attract scholars of Modernism Irish studies film and literary theory **Modernism in Irish Women's Contemporary Writing** Paige Reynolds,2024 This volume

explores the relationship between contemporary Irish women writers and literary modernism Paige Reynolds examines how the work of Elizabeth Bowen Edna O'Brien Anne Enright and others employs the modernist mode to articulate female interiority as a way of thinking about contemporary social problems *Writing Ireland's Working Class* Michael Pierse,2016-04-30 Exploring writing of working class Dublin after Seán O'Casey this book breaks new ground in Irish Studies unearthing submerged narratives of class in Irish life Examining how working class identity is depicted by authors like Brendan Behan and Roddy Doyle it discusses how this hidden urban Ireland has appeared in the country's literature *The*

Cambridge Companion to Fiction in the Romantic Period Richard Maxwell, Katie Trumpener, 2008-02-21 While poetry has been the genre most closely associated with the Romantic period the novel of the late eighteenth and early nineteenth centuries has attracted many more readers and students in recent years Its canon has been widened to include less well known authors alongside Jane Austen Walter Scott Maria Edgeworth and Thomas Love Peacock Over the last generation especially a remarkable range of popular works from the period have been re discovered and reread intensively This Companion offers an overview of British fiction written between roughly the mid 1760s and the early 1830s and is an ideal guide to the major authors historical and cultural contexts and later critical reception The contributors to this volume represent the most up to date directions in scholarship charting the ways in which the period s social political and intellectual redefinitions created new fictional subjects forms and audiences

Words Alone R. F. Foster, 2011-04-28 W B Yeats is usually seen as a great innovator who put his stamp so decisively on modern Irish literature that most of his successors worked in his shadow R F Foster s eloquent and authoritative book weaves together literature and history to present an alternative perspective By returning to the rich seed bed of nineteenth century Irish writing Words Alone charts some of the influences including romantic national tales in post Union Ireland the poetry and polemic of the Young Ireland movement the occult and supernatural novels of Sheridan LeFanu William Carleton s peasant fictions and fairy lore and folktale collectors that created the unique and powerful Yeatsian voice of the decade from 1885 to 1895 As well as placing these literary movements in a vivid contemporary context of politics polemic and social tension Foster discusses recent critical and interpretive approaches to these phenomena He shows that the use Yeats made of his predecessors during his apprenticeship and the part that a self conscious use of Irish literary tradition played in the construction of his path breaking early work as he attempted to hammer his thoughts into a unity made him an inheritor as much as an inventor

The Tourist's Gaze Glenn Hooper, 2001 Travel literature has been described by Jonathan Raban as literature s red light district It defies peoples beliefs confuses expectations crosses disciplinary boundaries and is linked to ethnography journalism and biography Yet for all that has managed to remain not only a visible but also an increasingly popular literary genre This anthology makes an entertaining and insightful contribution to this engaging field It includes extracts from well known writers such as Thackeray Boll and Chesterton but also presents less familiar figures from the nineteenth and twentieth centuries The seventy pieces collected here both offer sharp observations of the country and are equally revealing about the travelers themselves Each extract where possible is prefaced by a brief biography of its author For readers interested in the origins and historical role of travel writing in general and how they relate to Ireland the editor offers an illuminating introduction This anthology presents illuminating snapshots of Ireland over two hundred years It also provides insights into the varied perspectives of the travelers themselves a perspective often influenced by contemporary political events such as the Great Famine Home Rule the Civil War and the Troubles This anthology leaves the reader with an enduring image of
