Strange Days:

Strange Days Indeed Stuart Ward, 2007-08 In our heart of hearts we were all natural born nudists So writes 112 year old Zet Quimby in his quirky 2061 memoir *Strange Days Indeed* Memories of the Old World Wanting to share with his era's new generations how we lived in less enlightened times he elves into a long vanish era our exploring why we always covered our bodies Also why we ate animals *Strange Days* Dan Chichester, 1996 The exclusive official comic book adaptation of the new sci fi film of the same name from James Cameron starring Ralph Fiennes Angela Bassett and Juliette Lewis In a near future Los Angeles where virtual reality is pushed on the streets like drugs *Strange Days* tells a spellbinding story of money death and betrayal Color illustrations *The Cinema of Kathryn Bigelow* Deborah Jermyn, Sean Redmond, 2003 Kathryn Bigelow is one of Hollywood's most significant female film makers well known in popular terms for films such as *Near Dark* *Blue Steel* and *Point Break* yet remaining relatively unexplored in academia Placing particular emphasis on *Strange Days* her most ambitious and controversial picture to date this collection explores Bigelow's role within New Hollywood as a film maker that blurs genre conventions reinscribes gender identities and produces a breathless cinema of attractions Back cover

Virtual Reality Melanie Chan, 2015-07-30 The idea of virtual realities has a long and complex historical trajectory spanning from Plato's concept of the cave and the simulacrum to artistic styles such as *Trompe L'oeil* and more recently developments in 3D film television and gaming However this book will pay particular attention to the time between the 1980s to the 1990s when virtual reality and cyberspace were represented particularly in fiction as a wondrous technology that enabled transcendence from the limitations of physical embodiment The purpose of this critical historical analysis of representations of virtual reality is to examine how they might deny repress or overlook embodied experience Specifically the author will contend that embodiment is a fundamental aspect of immersion in virtual reality rather than something which is to be transcended In this way the book aims to challenge distorted ideas about transcendence and productively contribute to debates about embodiment and technology *Public Rape* Tanya Horeck, 2013-04-15 Second wave feminism fought to end the blanket silence shrouding rape and bring it to public attention Now feminist critics must confront a different issue In *Public Rape* Tanya Horeck considers the public investment in images of rape and the figure of the raped woman Introducing the idea of public rape Horeck looks at how images of rape serve as cultural fantasies of sexual racial and class difference Looking at rape in real life as well as in literature and films such as *The Accused* and *Boys Don't Cry* Horek reveals how representations of rape raise vital questions about the relationship between reality and fantasy and between violence and spectacle ***Ladies and Gentlemen, Boys and Girls*** Murray Pomerance, 2001-03-01 Examines gender roles in contemporary foreign and Hollywood films amid changing social political cultural and economic conditions **James Cameron** Brent Dunham, 2011-11-01 James Cameron b 1954 is lauded as one of the most successful and innovative filmmakers of the last thirty years His films often break records both in their massive budgets and in their box office earnings

They include such hits as The Terminator Aliens The Abyss Titanic and Avatar Part scientist part dramatist Cameron combines these two qualities into inventive and captivating films that often push the boundaries of special effects to accommodate his imagination James Cameron Interviews chronicles the writer director s rise through the Hollywood system highlighted by his can do attitude and his insatiable drive to make the best film possible As a young boy growing up in Canada Cameron imagined himself an astronaut a deep sea explorer a science fiction writer or a filmmaker Transplanted to southern California he would go on to realize many of those boyhood fantasies This collection of interviews provides glimpses of the filmmaker as he advances from Roger Corman s underling to king of the world The interviews are drawn from a number of sources including TV appearances and conversations on blogs which have never been published in print Spanning more than twenty years this collection constructs a concise and thorough examination of Cameron a filmmaker who has almost single handedly ushered Hollywood into the twenty first century

Comic Book Punks: How a Generation of Brits

Reinvented Pop Culture Karl Stock,2023-11-21 The influence of the comic book has never been greater from movies to streaming and beyond but the journey comics took from disposable kids magazines to literary prize winning books and global franchises turned on a highly unusual group of writers and artists Few would have expected a small gathering of British comic book fans and creators in the early 70s to spark a cultural revolution but this was the start of a disparate movement of punks dropouts and disaffected youths who reinvented a medium and became the imaginative heart of a global success story Based on years of interviews with a generation of leading writers artists and editors Karl Stock reveals the true story of the wild times passion and determination that helped hindered and saw the reinvention of comics Stock brilliantly tells the story of the triumphs and disasters that rewrote the rulebook on what comics could be and who they should be for

From a Race of Storytellers Kimberley M. Holloway,2003 From a Race of Storytellers will also be attractive to the general reader who wants to read more about the characters who inhabit McCrumb s fictional Hamelin Tennessee and to better understand the events that occur there Through essays written by fourteen different scholars of McCrumb s fiction and one by McCrumb herself readers will gain a deeper understanding of the real southern Appalachian mountains not just the popular image
