Strange Death Of Vincent Foster An Investigation:

The Strange Death of Vincent Foster Christopher Ruddy, 2002-04-05 On a humid July day in 1993 White House deputy counsel Vincent W Foster was found dead in Fort Marcy Park in suburban Virginia One of the nation's highest ranking federal officers Foster was a boyhood friend of President Bill Clinton and a close confidant of First Lady Hillary Rodham Clinton His death sent shock waves through the White House and the nation's capital The death was quickly pronounced a suicide According to the official story that soon emerged Foster was depressed angry and isolated With nowhere else to turn he went to a secluded park near the Potomac River put a gun in his mouth and killed himself But is that what really happened In this compelling and fully documented report investigative journalist Christopher Ruddy answers that critical question Ruddy who has covered the case almost from the start details the disturbing inconsistencies surrounding Foster's alleged suicide chronicles the botched investigations documents the frenzied illegal activity in the White House in the hours after Foster's death and notes the persistent failure of mainstream media to ask the right questions Throughout his thorough investigation of the available forensic and circumstantial evidence Ruddy weaves a disturbing tale of cover ups abuse of power police and prosecutorial incompetence and press indifference His startling conclusion that despite the official line Foster could not have killed himself in Fort Marcy Park will persuade even the most skeptical reader to demand a full public investigation into the mysterious circumstances of the death of Vincent Foster and the troubling events in its aftermath
