Strange War Strange Strategy A Generals:

General Lewis Walt: Operational Art in Vietnam, 1965-1967 Major Jeremy G. Swenddal, 2015-11-06 This study investigates the significant effect of mobility counter mobility survivability and topographic engineering on the American Civil War Campaign of Chancellorsville The operations occurred near Fredericksburg Virginia in April and May of 1863 In the battle the Confederate Army of Northern Virginia decisively defeated the Union Army of the Potomac Engineer related considerations contributed immensely to the Confederate victory Engineer battlefield functions influenced the operations of both armies The Union Engineer Brigade constructed numerous pontoon bridges to overcome the river obstacles prior to and following the battle This capability allowed the Union Army to initially surprise and envelop the Confederate Army The natural obstacles of the rivers and forests and manmade obstacles of abatis hindered maneuver Survivability was a significant factor during the fighting At Chancellorsville the Confederates used entrenchments for the first time in open operations This strengthened their economy of force in front of the Union Army and gave Stonewall Jackson mass during his successful enveloping attack Finally topographic engineering was important through map production and reconnaissance by engineers This study concludes that the Confederate Army integrated the engineer battlefield functions more effectively than the Union Army In part this explains the decisive Confederate victory *Leave the Land You Love* DO AN DUC

TRI, 2013-05-14 A remarkable story of survival and of a risky escape out of the iron curtain to the open world with poetic brilliance the *Leave The Land You Love Love The Land You Live* is really a memoir that will never steal away from your mind and heart Leaving the Vietnam fatherland he loves the former home arrested resident of Danang lingered as a boat people refugee in Hong Kong transit centers for 15 months The author finally settles down as an information technology senior engineer in Baltimore Maryland to love the new land he lives in **A Brief History of the 12th Marines** Charles Richard Smith, 1972 **The Marine Corps Gazette**, 1979 **Air University Library Index to Military Periodicals**, 1971

Fortitudine, 1989 The Lotus Unleashed Robert J. Topmiller, 2006-11-01 During the Vietnam War Vietnamese Buddhist peace activists made extraordinary sacrifices including self immolation to try to end the fighting They hoped to establish a neutralist government that would broker peace with the Communists and expel the Americans Robert J Topmiller explores South Vietnamese attitudes toward the war the insurgency and U S intervention and lays bare the dissension within the U S military The Lotus Unleashed is one of the few studies to illuminate the impact of internal Vietnamese politics on U S decision making and to examine the power of a nonviolent movement to confront a violent superpower *Dirty Wars* Simon Innes-Robbins, 2016-10-06 Who is the enemy This is the question most asked in modern warfare gone are the set piece conventional battles of the past Once seen as secondary to more traditional conflicts irregular warfare as modified and refashioned since the 1990s now presents a major challenge to the state and the bureaucratic institutions which have dominated the twentieth century and to the politicians and civil servants who formulate policy Twenty first century conflict is

dominated by counterinsurgency operations where the enemy is almost indistinguishable from innocent civilians Battles are gunfights in jungles deserts and streets winning hearts and minds is as important as holding territory From struggles in South Africa the Philippines and Ireland to operations in Iraq Afghanistan and Chechnya this book covers the strategy and doctrine of counterinsurgency and the factors which ensure whether such operations are successful or not Recent ignorance of central principles and the emergence of social media which has shifted the odds in favour of the insurgent have too often resulted in failure leaving governments and their security forces embedded in a hostile population immersed in costly and dangerous nation building **Parameters** ,1985 **U.S. Marines in Vietnam: Shulimson, J.
