The Cult of Thuggee and
Its Overthrow in British India

Stranglers The Cult Of Thuggee Its

Hugh B. Urban

Stranglers The Cult Of Thuggee Its:

The Stranglers George Bruce, 1969 **Thuggee** K. Wagner, 2007-07-12 Based largely on new material this book examines thuggee as a type of banditry emerging in a specific socio economic and geographic context The British usually described the thugs as fanatic assassins and Kali worshippers yet Wagner argues that the history of thuggee need no longer be limited to the study of its representation Imperial Secrets: Remapping the Mind of Empire Patrick A. Kelley, 2011-09-16 Major Kelley chooses three empires with which to compare our current intelligence circumstances Each of these faced challenges in understanding peoples Rome in the first and second centuries AD the Ottomans in the 16th to 18th and Britain in India in the 18th to early 20th Kelley feels these warrant study in light of our need to deal with peoples whom we may seek to influence The author also asks If power shapes knowledge does knowledge also shape power This is a delightful exercise in erudition in which key postmodern insights and reasoning are used to gain political understanding Full of surprises and insights Kelley takes his readers through an enchanted forest peopled by Foucault T E Lawrence J S Bach Borges Idries Shah Hobsbawm Jung Baudrillard and many more One hopes our educated certified and degreed military and intelligence leadership can penetrate a work this rich deep and ultimately useful Originally published in color by the NDIC Press *The Strangled Traveler* Martine van Woerkens, 2002-11 British colonists in 1830s India lived in terror of the Thugs Reputed to be brutal criminals the Thugs supposedly strangled beheaded and robbed thousands of travelers in the goddess Kali s name The British responded with equally brutal repression of the Thugs and developed a compulsive fascination with tales of their monstrous deeds Did the Thugs really exist or did the British invent them as an excuse to seize tighter control of India Drawing on historical and anthropological accounts Indian tales and sacred texts and detailed analyses of the secret Thug language Martine van Woerkens reveals for the first time the real story of the Thugs Many different groups of Thugs actually did exist over the centuries but the monsters the British made of them had much more to do with colonial imaginings of India than with the real Thugs Tracing these imaginings down to the present van Woerkens reveals the ongoing roles of the Thugs in fiction and film from Frankenstein to Indiana Jones and the Temple of Doom **Imperial Secrets** Patrick A. Kelley (Major), 2008 Product Description This book explores the limits of institutional knowledge What does an empire know and how does it know it How does its own culture general or bureaucratic shape the information it receives and its ability to process information Army Foreign Area Officer Maj Patrick Kelley takes us through historical and cultural terrain never before traveled in a virtuoso exercise of cross disciplinary analysis that is as much fun as it is thought provoking Not since Spengler or Voegelin tackled civilization dynamics has empire been subject to such original and erudite treatment on such a grand scale *Imperial Secrets* is sui generis and Kelley has invented a new field imperial informatics Policymakers would do well to read and ponder this book before taking their next major decision An Eye for an Eye Mitchel P. Roth, 2014-10-15 From an eye for an eye to debates over capital punishment humanity has a long and controversial relationship with doling out

justice for criminal acts Today crime and punishment remain significant parts of our culture but societies vary greatly on what is considered criminal and how it should be punished In this global survey of crime and punishment throughout history Mitchel P Roth examines how and why we penalize certain activities and he scrutinizes the effectiveness of such efforts in both punishing wrongdoers and bringing a sense of justice to victims Drawing on anthropology archaeology folklore and literature Roth chronicles the global history of crime and punishment from early civilizations to the outlawing of sex crimes and serial homicide to the development of organized crime and the threat today of global piracy He explores the birth of the penitentiary and the practice of incarceration as well as the modern philosophy of rehabilitation arguing that these are perhaps the most important advances in the effort to safeguard citizens from harm Looking closely at the retributions societies have condoned Roth also look at execution and its many forms showing how stoning hemlock the firing squad and lethal injection are considered either barbaric or justified across different cultures Ultimately he illustrates that despite advances in every level of human experience there is remarkable continuity in what is considered a crime and the sanctions administered Perfect for students academics and general readers alike this interdisciplinary book provides a fascinating look at criminality and its consequences **Encountering Kali** Rachel Fell McDermott,Jeffrey John Kripal,2005-01-01

Encountering Kali explores one of the most remarkable divinities the world has seen The Hindu goddess Kali is simultaneously understood as a blood thirsty warrior a deity of ritual possession a tantric sexual partner and an all loving compassionate mother Popular and scholarly interest in her has been on the rise in the west in recent years Responding to this phenomenon McDermott and Kripal s volume focuses on the complexities involved in interpreting Kali in both her indigenous south Asian settings and her more recent Western incarnation Through the shifting lenses of scriptural history temple architecture political reflection and the goddess s recent guises on the Internet the contributors pose questions that illuminate our understanding of Kali while addressing the problems and promises inherent in every act of cross cultural interpretation The Cult Files Chris Mikul,1940-01-01 The Cult Files explores the history features and beliefs of seventeen cults through the ages Riveting sometimes amusing often horrifying stories show the inside workings of these groups and trace their history and often their demise The book includes the Aum Shinrikyo followers who killed twelve people in a poison gas attack on the Tokyo subway and the Peoples Temple in which Jim Jones convinced hundreds of followers to commit suicide en masse Discover the unbelievable power and wealth held by cult leaders and the physical and mental authority they wield over their followers The full story of some of these cults is told for the first time in this book **Tantra** Hugh B. Urban,2003-10-14 Tantra seemingly combines sexuality sensual pleasure and the full range of physical experience with the religious life and has proven a key factor in the imagining of India This book offers a critical account of how the phenomenon has come to be **Indian Traffic** Parama Roy,2023-09-01 The continual unpredictable and often violent traffic between identities in colonial and postcolonial India is the focus of Parama Roy s stimulating and original book Mimicry has been

commonly recognized as an important colonial model of bourgeois elite subject formation and Roy examines its place in the exchanges between South Asian and British Hindu and Muslim female and male and subaltern and elite actors Roy draws on a variety of sources religious texts novels travelogues colonial archival documents and films making her book genuinely interdisciplinary She explores the ways in which questions of originality and impersonation function not just for western or westernized subjects but across a range of identities For example Roy considers the Englishman s fascination with going native an Irishwoman s assumption of Hindu feminine celibacy Gandhi s impersonation of femininity and a Muslim actress s emulation of a Hindu Indian mother goddess Familiar works by Richard Burton and Kipling are given fresh treatment as are topics such as the muscular Hinduism of Swami Vivekananda Indian Traffic demonstrates that questions of originality and impersonation are in the forefront of both the colonial and the nationalist discourses of South Asia and are central to the conceptual identity of South Asian postcolonial theory itself The continual unpredictable and often violent traffic between identities in colonial and postcolonial India is the focus of Parama Roy s stimulating and original book Mimicry has been commonly recognized as an important colonial model of bourgeois el
