Health Care in the Black Community Sadye Logan, Edith M. Freeman, 2012-10-12 Empower patients with culture specific strategies for promoting health treating disease and preventing violence Current reports show that Black Americans have the highest death rate of all racial and ethnic groups They suffer disproportionately from a number of fatal diseases including hypertension diabetes and certain cancers Moreover violence takes far too high a toll especially among young Black men Clearly a different approach to health education and promotion is needed to end this tragic waste of valuable human lives Health Care in the Black Community Empowerment Knowledge Skills and Collectivism proposes an innovative model for health professionals working in the Black community Traditional Western medicine focuses on sickness the isolated individual and the material world However the Afrocentric values of many Black people emphasize wellness the community and the spiritual world By basing health care approaches on the community's positive values of holistic healing and mutual assistance Health Care in the Black Community suggests practical effective strategies for promoting physical and emotional wellness This comprehensive and informative book offers a solid intellectual framework as well as practical advice Health Care in the Black Community identifies deeply held African American cultural traditions and attitudes offers specific suggestions for combining health care priorities with respect for cultural concerns shows how to gain compliance by involving patients in their own care and drawing on community strengths discusses the impact of specific problems such as low self esteem infertility HIV AIDS and violence on Black families develops strategies for preventing family violence by helping family members define and identify emotions shares programs and ideas for

enhancing the physical and mental health of elderly Black people identifies ways to overcome the drawbacks of early parenthood Health Care in the Black Community offers health care professionals policymakers practitioners researchers and educators in the fields of social work health care and cultural studies successful methods models and suggestions to help improve health care in Black communities *Building Health Coalitions in the Black Community* Ronald L.

Braithwaite, Sandra E. Taylor, John N. Austin, 1999-11-30 The book is especially useful for researchers policymakers public health practitioners and community leaders who have limited experience in both health coalition building and working with the African American community in particular CONTEMPORARY SOCIOLOGY An important book for African Americans nationwide I believe it will make a real impact on the way we view comprehensive health care for communities of color in this country Kweisi Mfume President and CEO NAACP In *Building Health Coalitions in the Black Community* Professor Ronald Braithwaite and his colleagues examine the phenomenon of coalition building with respect to diverse problems and situations they have encountered in their research The result is a significant contribution to knowledge of the method of coalition development and its application in African American Communities The book begins with a historical review of health care and collaboration involving the African American population generally The second chapter reveals federal and research foundation support for coalition building Following this are discussions addressing a wide range of issues relating to coalitions in the African American Community The theoretical basis of coalition building and coalitions in urban communities The role of formative process and summative evaluation in coalitions generally with examples of coalitions combating drug use The benefits that proceed from collaborations between African American religious institutions and public health officials and the role selection and training of lay health advisors Ways coalitions in the African American community have responded to environmental issues such as hazardous waste facility siting Students in a variety of health science and related disciplines public health nursing medicine and allied health social work psychology sociology health education will find this an excellent general introduction to health promotion in African American communities *The Noose on the Black Community*

Christopher Sullivan, 2012-03-02 *The Noose on The Black Community* sheds light on the continuation of murder robbery and manipulation that is ongoing in the black community When we look at the crime that destroys a community the only ones to blame are the men that heads the community The noose was symbolic of hatred and fear which was imposed upon the black race during earlier years But now the only ones that are imposing fear and are destroying scores of black families are the black males themselves ***Building Health Coalitions in the Black Community*** , *Key Issues Confronting the Black Community in Denver, CO*

Womanism, Literature, and the Transformation of the Black Community, 1965-1980 Kalenda C. Eaton, 2010-06-21 This book examines how cultural and ideological reactions to activism in the post Civil Rights Black community were depicted in fiction written by Black women writers 1965 1980 By recognizing and often challenging prevailing cultural paradigms within the post Civil Rights era writers such as Toni Morrison Alice Walker Toni Cade Bambara and Paule Marshall fictionalized the black community in critical ways that called for further examination of progressive activism after the much publicized end of the Civil Rights Movement Through their writings the authors confronted marked shifts within African American literature politics and culture that proved detrimental to the collective wellness of the community at large

Salt City and its Black Community S. David Stamps, Miriam Burney Stamps, 2008-03-10 A robust black professional class has existed in many southern cities since the nineteenth century and in large northern cities such as Chicago New York and Washington D C since early in the twentieth century In contrast the black professional class in Syracuse New York a midsized northern industrial city developed relatively late and struggled in its early relationship with the white community Employing a conflict theory approach the authors analyze the effects of black migration north affirmative action school integration urban renewal deindustrialization political mobilization and suburbanization on the growth and development of the black community The authors demonstrate how competition for limited resources has fostered varying degrees of confrontation social dispute adjustment and eventual change in black white relations Drawing upon urban surveys and quantitative research combined with personal testimony this book offers a richly detailed and compelling portrait of a minority community providing indispensable insights into the dynamics of community development as a historical and sociological process
