

The Box Man

Andrea Dworkin

The Box Man:

The Box Man Kobo Abe, 2001-07-10 Kobo Abe the internationally acclaimed author of *Woman in the Dunes* combines wildly imaginative fantasies and naturalistic prose to create narratives reminiscent of the work of Kafka and Beckett In this eerie and evocative masterpiece the nameless protagonist gives up his identity and the trappings of a normal life to live in a large cardboard box he wears over his head Wandering the streets of Tokyo and scribbling madly on the interior walls of his box he describes the world outside as he sees or perhaps imagines it a tenuous reality that seems to include a mysterious rifleman determined to shoot him a seductive young nurse and a doctor who wants to become a box man himself *The Box Man* is a marvel of sheer originality and a bizarrely fascinating fable about the very nature of identity Translated from the Japanese by E Dale Saunders

Behind the Great Wall James Whitlark, 1991 This work explores what lies behind the fantastic barrier in a borderland that C G Jung called the unconscious the avant garde writer Kafka termed incomprehensible and Whitlark argues is an entire spectrum of muted awareness

Intercourse Andrea Dworkin, 2008-08-01 Andrea Dworkin once called Feminism s Malcolm X has been worshipped reviled criticized and analyzed but never ignored The power of her writing the passion of her ideals and the ferocity of her intellect have spurred the arguments and activism of two generations of feminists Now the book that she s best known for in which she provoked the argument that ultimately split apart the feminist movement is being reissued for the young women and men of the twenty first century *Intercourse* enraged as many readers as it inspired when it was first published in 1987 In it Dworkin argues that in a male supremacist society sex between men and women constitutes a central part of women s subordination to men This argument was quickly and falsely simplified to all sex is rape in the public arena adding fire to Dworkin s already radical persona In her introduction to this twentieth anniversary edition of *Intercourse* Ariel Levy the author of *Female Chauvinist Pigs* discusses the circumstances of Dworkin s untimely death in the spring of 2005 and the enormous impact of her life and work Dworkin s argument she points out is the stickiest question of feminism Can a woman fight the power when he shares her bed

Carstairs David Leslie, 2015-10-05 Carstairs the State Hospital in Lanarkshire Scotland is a hospital like no other Effectively a prison for some of the most violent and insane criminals in our society it houses men who have committed the most horrific and frightening crimes imaginable And despite being an expensive taxpayer funded facility the workings of Carstairs remain subject to intense state secrecy In *Carstairs Hospital for Horrors* author David Leslie examines the history of the institution the crimes that have led patients to be committed to the State Hospital and highlights the risks of the brave and dedicated staff who work there This shocking account delves into the nightmarish minds of men who have killed raped and attacked family members lovers children and innocent bystanders For many patients there is little hope of ever being released But for others including some considered to be amongst the most dangerous in society release can become a reality Corsairs features an exclusive first hand account of a bloody escape in 1976 when Robert Mone along with Thomas McCulloch escaped and went on the run

Three men died and now for the very first time Robert Mone gives his own account of an event which shocked the nation And it is a telling insight into one of the most high profile yet secretive institutions there is **Intercourse (Volume 2 of 2) (EasyRead Super Large 24pt Edition)** , The World in Your Head Steven M. Lehar,2003-01-30 The World In Your Head A Gestalt View of the Mechanism of Conscious Experience represents a bold assault on one of the greatest unsolved mysteries in science the nature of consciousness and the human mind Rather than examining the brain and nervous system to see what they tell us about the mind this book begins with an examination of conscious experience to see what it can tell us about the brain Through this analysis the first and most obvious observation is that consciousness appears as a volumetric spatial void containing colored objects and surfaces This reveals that the representation in the brain takes the form of an explicit volumetric spatial model of external reality Therefore the world we see around us is not the real world itself but merely a miniature virtual reality replica of that world in an internal representation In fact the phenomena of dreams and hallucinations clearly demonstrate the capacity of the brain to construct complete virtual worlds even in the absence of sensory input Perception is somewhat like a guided hallucination based on sensory stimulation This insight allows us to examine the world of visual experience not as scientists exploring the external world but as perceptual scientists examining a rich and complex internal representation This unique approach to investigating mental function has implications in a wide variety of related fields including the nature of language and abstract thought and motor control and behavior It also has implications to the world of music art and dance showing how the patterns of regularity and periodicity in space and time apparent in those aesthetic domains reflect the periodic basis set of the underlying harmonic resonance representation in the brain **The Selected Works of Eric Partridge** Eric Partridge,2021-07-14 This set reissues important selected works by Eric Partridge covering the period from 1933 to 1968 Together the books look at many and diverse aspects of language focusing in particular on English Included in the collection are a variety of insightful dictionaries and reference works that showcase some of Partridge s best work The books are creative as well as practical and will provide enjoyable reading for both scholars and the more general reader who has an interest in language and linguistics *Intimacy and Other Plays* Thomas Bradshaw,2015-09-28 Bradshaw has proved in play after play that he has a confident vision of the theater that is his own The politically incorrect plots jump merrily from one outrage to another never pausing to explain motivation or linger on subtext His dramas ask What would happen if every dark urge lingering resentment and unedited ugly insult that popped into your head came spilling out of your mouth No playwright applies as ruthlessly Hitchcock s definition of drama as life with the boring parts taken out The New York Times Interracial couple Jerry and Pat borrow tools from their recently widowed white evangelical neighbor James and they even share the same Latino contractor the mysterious Fred Everything s suburban bliss until James after discovering his neighbors daughter Janet is a budding porn star shuns the family But what James doesn t know is that his aspiring filmmaker son Matthew has other ideas An outrageous and revealing comedy about

race sex and familiarity Intimacy the newest work by playwright Thomas Bradshaw premiered Off Broadway with The New Group in winter 2014 This collection from the fiercely provocative and funny playwright also includes Dawn Fulfillment Southern Promises Job Strom Thurmond Is Not a Racist Lecture on the Blues and Purity Thomas Bradshaw s other plays include The Bereaved declared a New York Times Critic s Pick and one of the Best Plays of 2009 by Time Out New York Mary and Burning He was hailed as the Best Provocative Playwright of 2007 by the Village Voice The Routledge Dictionary of Modern American Slang and Unconventional English Tom Dalzell,2008-07-25 The Routledge Dictionary of Modern American Slang and Unconventional English offers the ultimate record of modern American Slang The 25 000 entries are accompanied by citations that authenticate the words as well as offer lively examples of usage from popular literature newspapers magazines movies television shows musical lyrics and Internet user groups Etymology cultural context country of origin and the date the word was first used are also provided This informative entertaining and sometimes shocking dictionary is an unbeatable resource for all language aficionados out there Architecture and the Virtual Marta Jecu,2015-01-01 Architecture and the Virtual is a study of architecture as it is reflected in the work of seven contemporary artists working with the tools of our post digital age The book maps the convergence of virtual space and contemporary conceptual art and is an anthropological exploration of artists who deal with transformable space and work through analogue means of image production Marta Jecu builds her inquiry around interviews with artists and curators in order to explore how these works create the experience of the virtual in architecture Performativity and neo conceptualism play important roles in this process and in the efficiency with which these works act in the social space
