of the business analyst's role is to drive various constituencies through processes to achieve consensus on the needs of the business. Successfully facilitating meetings, whether a one-on-one interview or a larger presentation, is essential to business analysis. *The Art and Power of Facilitation: Running Powerful Meetings* provides powerful tools that the business analyst can use to negotiate through the myriad of meetings, informal work sessions, and formal workshops that are necessary to develop business requirements.

*Planning with Complexity* Judith E. Innes, David E. Booher, 2018-02-07 In an era of rapid change, uncertainty, and hyperpartisanship, when wicked problems abound, tools for solving public problems are more essential than ever. The authors lay out a new theory for collaborative practice in planning public administration and public policy. *Planning with Complexity* provides both theoretical underpinnings and extensive case material on collaboration and offers ways of understanding and conducting effective practice. Collaborative rationality means collaboration that is inclusive, informed, grounded in authentic dialogue, and that results in wise and durable outcomes. The scholar-practitioner author team builds on more than 40 years of research, teaching, and practice addressing environmental issues, housing, and transportation. This second edition updates the case studies and adds new examples reflecting the global spread of collaborative practices. It builds on insights that have recently emerged in the literature. More than 75 new references have been incorporated, along with new tables. This book is essential for students, educators, scholars, and reflective practitioners in public policy fields in the 21st century.

*The Workshop Book* R. Brian Stanfield, The Institute for Cultural Affairs, 2013-07-01 Increasingly, people working in teams face complex issues that need resolving in an efficient, participatory manner that honors the group's diverse perspectives and individual creativity. *The Workshop Book* outlines the best practices of the workshop method based on the Institute for Cultural Affairs' Technology of Participation™ and its use in consensus formation, planning, problem solving, and research. It also discusses workshop preparation and design, leadership styles, dealing with difficult behaviors, and special applications such as its use in large groups and for planning purposes.
