Actor-Musicianship Jeremy Harrison,2016-02-25 Actor musicianship is a permanent feature of the musical theatre landscape Actor musician shows can be seen from Bradford to Broadway from village halls to international arena tours However with the exception of a couple of academic papers there has been nothing written about this fascinating area of theatre practice Jeremy Harrison s book addresses this deficit operating as both a record of the development of the actor musician movement and as a practical guide for students educators performers and practitioners It explores the history of actor musicianship examining its origins as well as investigating and offering guidance on how this specialist form of music theatre is created It in turn acts as a means of defining an art form that has to date been left to lurk in the shadows of musical theatre a subset with its own distinctive culture of performer maker and audience but as yet no formal recognition as a specialism in its own right The actor musician show is multifarious and as such this book targets those interested in mainstream commercial work as well as alternative and avant garde theatre practice The book draws together expertise from a range of disciplines with contributions from many of the leading figures in this field including performers directors teachers MDs producers and writers It also features a foreword by theatre director John Doyle

Prizing Children's Literature Kenneth Kidd,Joseph Thomas Jr.,2016-11-10 Children s book awards have mushroomed since the early twentieth century and especially since the 1960s when literary prizing became a favored strategy for both commercial promotion and canon making There are over 300 awards for English

language titles alone but despite the profound impact of children's book awards scholars have paid relatively little attention to them. This book is the first scholarly volume devoted to the analysis of Anglophone children's book awards in historical and cultural context. With attention to both political and aesthetic concerns, the book offers original and diverse scholarship on prizing practices and their consequences in Australia, Canada, and especially the United States. Contributors offer both case studies of particular awards and analysis of broader trends in literary evaluation and elevation, drawing on theoretical work on canonization and cultural capital. Sections interrogate the complex and often unconscious ideological work of prizing, the ongoing tension between formalist awards and so-called identity-based awards, all the more urgent in light of the We Need Diverse Books campaign, the ever-morphing forms and parameters of prizing, and scholarly practices of prizing. Among the many awards discussed are the Pura Belpré Medal, the Inky Awards, the Canada Governor General Literary Award, the Printz Award, the Best Animated Feature Oscar, the Phoenix Award, and the John Newbery Medal, giving due attention to prizes for fiction as well as for non-fiction, poetry, and film. This volume will interest scholars in literary and cultural studies, social history, book history, sociology, education, library and information science, and anyone concerned with children's literature.

Exodus from the Door of No Return Roy G. Phillips Ph.D., 2008-10-13 After sixty years, Dr. Roy G. Phillips retired, founding campus president at Miami Dade College Homestead Campus, returned to his native home in rural Webster Parish, outside of Minden, Louisiana. It took him almost forty years to fulfill a dream, a journey that began as a conversation with renowned author Alex Haley, culminated with the collection of fascinating stories, and then finished in a poignant book that tells the story of his ancestors in their trajectory from Africa to America. When he retired in December 2001, Phillips turned to writing, piecing together years worth of research. The final product, Exodus from the Door of No Return: Journey of an American Family, published by AuthorHouse in September 2006 and revised in October 2008, Phillips' family saga mirrors the lives of what arguably could be the tale of most African Americans. In the book, family is the glue that binds Phillips' ancestors from Slavery to Reconstruction, Jim Crow, Segregation, the World Wars, the Great Migration of black families out of the South, the tumultuous civil rights period of the sixties to the present day. Phillips might never have started on the journey of family discovery if it had not been for a chance meeting with Haley, who had come to speak at the University of Michigan. At that time, Haley was in the midst of researching his book *Roots*, and Phillips was completing his doctoral dissertation in urban secondary administration. I spent half of the night talking to him about what to do, he recalls. He said, "Go and talk to the old folks in your family. Get their stories." Phillips painstakingly tracked down the descendants of the plantation owners, James Germany McDade II, who owned his great grandfather, and other relatives. Phillips continues to meet and correspond with the McDades in Shreveport and East Texas. He also underwent DNA testing, which helped him track both his paternal ancestry to the Mbute people in the Central African Republic and his maternal ancestry to the Mende people in Sierra Leone, West Africa.
