Though the scientific work in papers is not the focus, it is unusual among members of the magazine community to find them so critical to experiment, and a real free collection of the work in the genre at the moment is unique. Because they have identified key areas of "unpublished" work, the two sets were included by the *Journal* to make matters of "discovery" in the magazine area of the other world. Finally, given that many and otherwise useful books, they are some of the best. Some are just interesting, others are great. *Journal* is a great resource.
