Small Developing Countries And Global Markets Competing In The Big League:

Regionalism in Africa Daniel C Bach, 2015-12-22 Africa which was not long ago discarded as a hopeless and irrelevant region has become a new frontier for global trade investment and the conduct of international relations This book surveys the socio economic intellectual and security related dimensions of African regionalisms since the turn of the 20th century It argues that the continent deserves to be considered as a crucible for conceptualizing and contextualizing the ongoing influence of colonial policies the emergence of specific integration and security cultures the spread of cross border regionalisation processes at the expense of region building the interplay between territory space and trans state networks and the intrinsic ambivalence of global frontier narratives This is emphasized through the identification of distinctive threads of regionalism which by focusing on genealogies trajectories and ideals transcend the binary divide between old and new regionalisms In doing so the book opens new perspectives not only on Africa in international relations but also Africa's own international relations This text will be of key interest to students and scholars of African politics African history regionalism comparative regionalism and more broadly to international political economy international relations and global and regional governance

West Africa's Security Challenges Adekeye Adebajo, Ismail O. D. Rashid, 2004 Provides a context for understanding West Africa's security dilemmas highlighting the link between failures of economic development governance and democratization on the one hand and military insecurity and violent conflicts on the other

The New Regionalism in Africa Fredrik Söderbaum, 2017-03-02 This edited volume transcends conventional state centric and formalistic notions of regionalism and theorizes conceptualizes and analyzes the complexities and contradictions of regionalization processes in contemporary Africa The collection not only unpacks and theorizes the African state society complex with regard to new regionalism but also explicitly integrates the often neglected discourse of human security and human development In so doing the book moves the discussion of new regionalism forward at the same time as it adds important insights to security and development It is organized into three parts Part I theorizes conceptualizes and analyzes the new regionalism in Africa from the point of view of the region e.g. West East Central and Southern Africa The national perspectives in Part II focus on the new regionalism in Africa from the point of view of particular countries or specific state society complexes such as Kenya the Democratic Republic of the Congo DRC the enclave of Cabinda Angola and Zambia Part III contains two concluding chapters that tie the main threads of the volume together theoretically and empirically and discuss the contribution of the analytical framework the new regionalism approach NRA to the larger study of regionalism

Multilateralism Or Regionalism? Guido Glania, Jürgen Matthes, 2005 This new book highlights the multifaceted effects of regional trade agreements and outlines the strategic options for EU trade policy It points out what is new about this most recent phase of regionalism and analyzes the effects on economic welfare and trade transaction costs The authors draw upon elements of game theory to explore a self reinforcing mechanism that is resulting in a potentially damaging race for markets They focus

in particular on the multiple impacts of regionalism on the WTO and the multilateral trading order The book arrives at an opportune time as the Doha Round is reaching a critical phase

Small Developing Countries and Global Markets W. Kennes, 2000-06-22 More than half of the world's sovereign states are small economies The majority are in Sub Saharan Africa and the Caribbean Basin For small economies the globalization process involves opportunities but also important risks because of their vulnerability and lack of diversification This book discusses the advantages and pitfalls of different strategies for small developing economies to become more integrated into the world economy It should help with the formulation of a coherent and effective policy response

Globalization and Corporate Governance in Developing Countries Boniface Ahunwan, 2021-09-06 Globalization and Corporate Governance in Developing Countries provides a clear eyed analysis of the effects of the global economy on developing countries which often face an up hill battle when they opt to compete in a global market Listing on a foreign exchange alone can be daunting because it means following the home rules as well as a different set of stringent rules and elevated cost required by the listing exchange Within this context the question of cost effectiveness the desirability of possible changes to the company and tangible benefits are raised The effects of globalization clearly travel a two way street Is harmonization possible and sensible This book weighs options and poses questions within a balanced assessment of new economic reality This volume is in the International Law and Development Series edited by Professor Raj Bhala Published under the Transnational Publishers imprint

Macroeconomics in Small Island States Macklenan F. Hasham, 2014-08-07 Macroeconomics in Small Island States brings to the reader similar subjects as in a traditional economics reader but now in the context of small islands To insure a level of societal well being an island state develops an economic infrastructure that can be useful to attract foreign investors and makes efforts to obtain continuous financing for activities to boost social and economic progress as well as international competitiveness The colonial domination of the past and the long history of foreign transnationals as major economic actors influence economic thinking especially with respect to the focus on what should constitute basic industries and the transition to global competitiveness Additionally changes in the domestic and international socio economic environment and natural disasters can impact the ability of the island state to fulfill its debt service obligations negatively These aspects put major pressure on the management of the internal economy while investments in foreign capital goods apparently tend to have lower growth effects than would generally be expected from the domestic marginal propensity to consume The publication gives attention to these issues and more and makes reference throughout to contributions to economic thinking by scholars in the Caribbean region

WTO at the Margins Roman Grynberg, 2006-12-14 At a pivotal point in the history of the WTO when development issues are at the heart of negotiations how the larger and more powerful members address the legitimate concerns of its poorest and most vulnerable members will shape the perception of the institution throughout the century This book aims not only to document almost ten years of experience of small states with the WTO but also to explain this experience It takes an evidential theory approach to

explaining the features characteristic to the trade and economic development of small island states It then highlights the issues of concern to these states in relation to negotiations at the WTO The experience of the African Caribbean and Pacific ACP countries with the WTO dispute settlement mechanism is discussed and the book ends with a discussion of key negotiating issues for the island states and institutional arrangements to facilitate reform

The International Trading System Alice Landau, 2005-02-03 The World Trade Organization WTO is without doubt one of our main instruments of globalization the controversy which is whipped up by this organization is arguably mainly caused by the mystery which surrounds it The International Trade System seeks to remove the clouds of misunderstanding that circle the multilateral commercial system by clearly

Beyond Regionalism? Matteo Legrenzi, 2016-04-15 Regional cooperation regionalism and regionalization in the Middle East are usually considered to be weak and rather ceremonial However since September 11 2001 a new regional order is emerging and the impact of geostrategic changes in the international environment has yet to be satisfactorily studied With older regional organizations suffering from weaknesses new forms appear to be developing and flourishing due either to European support or growing sub regional identities This volume offers refined theoretical models and approaches which are attuned to the new dynamics and contradictions of a wide range of regionalist projects in the contemporary Middle East Case studies of the most important regional organizations in different policy fields offer comprehensive overviews of the main actors institutions historical development and current issues
