

Smithmiller And Hawkinson

JR Anderson

Smithmiller And Hawkinson:

Between spaces Judith Turner, Smith-Miller+Hawkinson Architects, 2000-07 A collaboration between the architects and world famous photographer Judith Turner **Smith-Miller and Hawkinson Architects** Smith-Miller + Hawkinson Architects, Henry Smith-Miller, Laurie Hawkinson, 1996 Smith-Miller + Hawkinson Catherine Ingraham, 1994 This series is the best reference available for information on today's leading architects and presents their work in an affordable and thoroughly illustrated format Each book begins with an overview of the architect's style and accomplishments written by a leading architecture critic Then approximately twenty noteworthy works and projects are discussed by the architect and presented in detail with site plans drawings and black and white photographs **Smith-Miller and Hawkinson the House** Graphis Press Limited, 1999-11-01 Cv Smith-Miller + Hawkinson Architects LLP, 2019-08-14 *SMH+* Smith-Miller + Hawkinson Architects, 2015 **Smith-Miller + Hawkinson Architects (SMH+)** Laurie Hawkinson, 2011-06-01 A portfolio of work built and unbuilt with drawings photographs and texts as developed by the studio Chapters include LIVE LIVE WORK WORK LEARN LEARN PLAY PLAY CONNECT and ADDENDUM Firm Profile Awards Selected Competitions Exhibitions Reviews and Publications Collaborators and Photo Credits **Hearts of the City** Herbert Muschamp, 2013-12-11 From the late Herbert Muschamp the former architecture critic of The New York Times and one of the most outspoken and influential voices in architectural criticism a collection of his best work The pieces here from The New Republic Artforum and The New York Times reveal how Muschamp's views were both ahead of their time and timeless He often wrote about how the right architecture could be inspiring and uplifting and he uniquely drew on film literature and popular culture to write pieces that were passionate and often personal changing the landscape of architectural criticism in the process These columns made architecture a subject accessible to everyone at a moment when because of the heated debate between modernists and postmodernists architecture had become part of a larger public dialogue One of the most courageous and engaged voices in his field he devoted many columns at the Times to the lack of serious new architecture in this country and particularly in New York and spoke out against the agenda of developers He departed from the usual dry didactic style of much architectural writing to playfully for example compare Frank Gehry's Guggenheim Bilbao to the body of Marilyn Monroe or to wax poetic about a new design for Manhattan's manhole covers One sees in this collection that Muschamp championed early on the work of Frank Gehry Rem Koolhaas Zaha Hadid Thom Payne Frank Israel Jean Nouvel and Santiago Calatrava among others and was drawn to the theoretical writings of such architects as Peter Eisenman Published here for the first time is the uncut version of his brilliant and poignant essay about gay culture and Edward Durrell Stone's museum at 2 Columbus Circle Fragments from the book he left unfinished whose title we took for this collection A Dozen Years Metroscope and Atomic Secrets are also included Hearts of the City is dazzling writing from a humanistic thinker whose work changed forever the way we think about our cities and the buildings in them *Interpreting Site*

Genevieve Baudoin, 2015-04-17 *Interpreting Site* explains the basic methods architects use to translate what you perceive to represent the complex conditions that physically and mentally construe a site helping to shape the ultimate design. Within each of the four themes defining site: experiencing site, spatializing site, and systematizing site, theoretical, conceptual, and analytic methods and representational tools are introduced to give you a foundation to develop your own approach to the conditions of a site. Author Genevieve S. Baudoin examines longstanding representation methods in relation to emerging and experimental methods, offering an idiosyncratic and provocative look at different approaches. Four highly illustrated, full-colour case studies of key contemporary projects in Spain, the United States, the United Kingdom, and Norway demonstrate how architects have used conditions discovered on a site in their final design. **The Architecture Traveler** Sydney LeBlanc, 2000. Describes 250 architectural treasures of the 20th century, gives notes on their history and design, and provides practical information for visiting them, with addresses, phone numbers, visitor hours, and maps. Each entry includes a black and white photo. LeBlanc is a writer and editor who specializes in architecture and landscape design. Annotation copyrighted by Book News, Inc. Portland, OR.
