Talking Stone:

The Story of Stone Jing Wang, 1992 In this pathbreaking study of three of the most familiar texts in the Chinese tradition all concerning stones endowed with magical properties Jing Wang develops a monumental reconstruction of ancient Chinese stone lore Wang's thorough and systematic comparison of these classic works illuminates the various tellings of the stone story and provides new insight into major topics in traditional Chinese literature Bringing together Chinese myth religion folklore art and literature this book is the first in any language to amass the sources of stone myth and stone lore in Chinese culture Uniting classical Chinese studies with contemporary Western theoretical concerns Wang examines these stone narratives by analyzing intertextuality within Chinese traditions She offers revelatory interpretations to long standing critical issues such as the paradoxical character of the monkey in *The Journey to the West* the circularity of narrative logic in *The Dream of the Red Chamber* and the structural necessity of the stone tablet in *Water Margin* By both challenging and incorporating traditional sinological scholarship Wang's *The Story of Stone* reveals the ideological ramifications of these three literary works on Chinese cultural history and makes the past relevant to contemporary intellectual discourse Specialists in Chinese literature and culture comparative literature literary theory and religious studies will find much of interest in this outstanding work which is sure to become a standard reference on the subject **The Talking Stone**

Dorothy De Wit, 1979 *Gospel of the Stone - ebook*, *The Gold of the Sunbeams* Tito Rajarshi Mukhopadhyay, 2011-11 A collection of stories filled with poetry beauty and startling leaps of *Platypus Dreaming* Graeme Innes, 2015-04-13 A prophecy brings common sense to the confusion of modern life responding to its challenges in local and international conflict resolution through remembering life's composition of widely divergent yet related parts An alternative view of life's complexities this novel is a modern day take on an ancient way of seeing placing the reader as the central character in a set of real life circumstances and confronting them wherever they find themselves In many ways the book is an initiation taking you on a fascinating journey while deepening your comprehension of who and what you are and your place in the scheme of things Disoriented and dissatisfied by the trite answers provided by compromised teachers and politicians alike and perhaps lacking the experience and wisdom to judiciously negotiate life in the confusion of a world of apparent plenty most people find themselves struggling to find representatives whose wise application of intelligence is the currency of their decision making Where a balance of feeling and intuition equally weighted by logic and reason is absent humanity is forced to conclude that society's rulers whether financial or political have abandoned representing life's common destiny as the foundation stone of humankind's finest aspirations When morality is applied differently in different settings to gain advantage and cultures have a variety of spiritual and existential beliefs pitted one against the other the step to terrorism though seemingly incomprehensible appears understandable to a mind pushed to its extremes as it attempts to reconcile that which is apparently irreconcilable Without prizing humanity as an interwoven part of nature's fabric people are caught between a

rock and hard place but it is precisely there that Platypus Dreaming inspires hope
