365 Days / 365 Plays Suzan-Lori Parks, 2006-11-01 Suzan Lori Parks is one of the most important dramatists America has produced Tony Kushner The plan was that no matter what I did how busy I was what other commitments I had I would write a play a day every single day for a year It would be about being present and being committed to the artistic process every single day regardless of the weather It became a daily meditation a daily prayer celebrating the rich and strange process of a writing life Suzan Lori Parks On November 13 2002 the incomparable Suzan Lori Parks got an idea to write a play every day for a year She began that very day finishing one year later The result is an extraordinary testament to artistic commitment This collection of 365 impeccably crafted pieces each with its own distinctive characters and dramatic power is a complete work by an artist responding to her world each and every day Parks is one of the American theater's most wily and innovative writers and her stark but poetic language and fiercely idiosyncratic images

Avalon Days Peter John Woods,2023-12-08 This gentle fantasy about Olivia s visits to her New World of Avalon accessed through her grandfather s picture of a robin which hangs on her bedroom wall is a children s story

Yet it is much more than what is normally implied by that description The robin comes to life and calls her through the picture frame into Avalon where she is crowned queen over the forest birds and animals Olivia explores their world and helps save them from various disasters But she also grows up In the first Avalon adventure she is a child but by the final one she is sixteen a teenager tracing her individual path as the slightly lonely youngest child in her real life family More than that she is a teenager dealing with the loss of the beloved granddad who was the person who understood her best Avalon s lesson about the continuation of their relationship beyond death is the theme of Olivia s last adventure Avalon Days has overtones of the writing of the Austrian novelist poet and painter Adalbert Stifter 1805 1868 Stifter s concern for conservation and environmental issues is increasingly relevant today *Hawkwind: Days of the Underground* Joe Banks,2021-02-24 An account of the English rock band Hawkwind shows them to be one of the most innovative and culturally significant bands of the 1970s Fifty years on from when it first formed the English rock band Hawkwind continues to inspire devotion from fans around the world Its influence reaches across the spectrum of alternative music from psychedelia prog and punk through industrial electronica and stoner rock Hawkwind has been variously if erroneously positioned as the heir to both Pink Floyd and the Velvet Underground and as Britain s answer to the Grateful Dead and Krautrock It has defined a genre space rock while operating on a frequency that s uniquely its own Hawkwind offered a form of radical escapism and an alternative account of a strange new world for a generation of young people growing up on a planet that seemed to be teetering on the brink of destruction under threat from economic meltdown industrial unrest and political polarization While other commentators confidently asserted that the countercultural experiment of the 1960s was over Hawkwind took the underground to the provinces and beyond In *Days of the Underground* Joe Banks repositions Hawkwind as one of the most innovative and culturally significant bands of the 1970s It s not an easy task As with many bands of this era a lazy narrative has built up around Hawkwind that doesn t do justice to the breadth of its ambition and achievements Banks gives the lie to the popular perception of Hawkwind as one long lysergic soap opera with *Days of the Underground* he shows us just how revolutionary Hawkwind was **27 Days Across America** Christopher Kammel,2010-01-27 Follow Christopher Kammel his wife Karie O Donnell and children Gabriel and Lusius for nine thousand miles across the United States Along the way they visit more than ten National Parks National Monuments and countless National Forests as they crisscross their way through the wild west It is an epic family road trip that lasts twenty seven days during which they travel with no itinerary making decisions on the fly finding adventure and beauty around every turn Join them and learn interesting facts about this country and this amazing land we live in To enhance your experience log on to www.27dayz.com and view pictures and video clips of their amazing adventure [Speaking Bipolar's 30 Days of Positivity](#) Scott Ninneman,2024-08-03 Are you ready to have a positive mindset It s hard to stay upbeat in today s world especially if you have a mental illness like bipolar disorder Difficult but not impossible *Speaking Bipolar s 30 Days of Positivity* was first created as an email course to help readers get through

the emotional chaos of the last months of the year Through motivating stories Scott Ninneman creator of Speaking Bipolar and living with bipolar 1 disorder gave the participants a positive theme to focus on each day and how to live successfully with bipolar After the first readers completed the course they all said the same thing This needs to be a book So here it is the original course newly edited and formatted and including all the additional reading content Each day has an uplifting message and a journal prompt to think deeper about the day s topic The end of every lesson also includes a creative writing prompt which you can use as a second journal prompt The chapter after each lesson is additional reading material linked to in the original course People who took the 30 Day s course all rated it a 9 10 They said This course is a real blessing in my life Very helpful and heart warming course It made me feel not so alone I looked forward to it every morning Find out what they loved so much by reading your copy today *Poland China Swine World* ,1926 Talking with the Children of God Gordon Shepherd,Gary Shepherd,2024-04-22 Grounded in direct systematic observation by neutral observers Talking with the Children of God is a unique study of the radical religious movement now known as The Family International The book draws on extraordinarily candid interviews with the group s leaders and administrative staff In revealing new information about the organization s history beliefs and use of prophecy Gordon Shepherd and Gary Shepherd offer a highly detailed case study that is both an antidote to sensationalized coverage of the group and a means for understanding the transformational practices of new religious movements in general One of the most controversial groups emerging from the Jesus People movement of the 1960s the Family originally was known as The Children of God Under leader David Berg members proclaimed an apocalyptic Endtime shunned secular occupations lived communally and adopted unusual sexual practices that led to abuse scandals in the 1970s and 1980s Following Berg s death in 1994 the organization began to dramatically alter its evangelization efforts and decision making processes Talking with the Children of God builds a picture of a complex organization with ten thousand core members worldwide including details on the lives careers and responsibilities of the second generation and their efforts to defend their faith The authors summarize the Family s history and beliefs as well as its controversial past In particular they analyze the organization s use of prophecy or channeled revelations from Jesus and other spiritual beings for making decisions and setting policy revealing how this essentially democratic process works and how it shapes Family life and culture These remarkable insights are the result of sixteen years of surveys and field observations conducted in Family member homes in sixteen countries plus four days of face to face interviews with Family leaders and organizational staff The volume also includes condensed transcripts of the interviews with analysis by Shepherd and Shepherd The Book of Days Robert Chambers,1863 Official Report Uganda.
