Writing at Century's End Lisa Gerrard, 1987 **Edinburgh Companion to Twentieth-Century Philosophies** Constantin V. Boundas, 2007-06-19 The Companion is organized into two sections each one of which reflects the developments of the Anglo American Analytic and the Continental European philosophical traditions respectively An appendix presents the main accomplishments of non Western philosophies in the same time frame Each section discusses the main movements and fields of the discipline throughout the century The authors have maintained a balance between the historian s commitment to breadth and accuracy with the commitment of the systematic philosopher to the engaged point of view and to critical reflection The result is a distinctive reference book made up of a series of philosophical studies an invaluable companion to anyone who is searching for a panoramic but also reliable and challenging presentation of the philosophical ideas which shaped the last century *What We Talk About When We Talk About Books*

Leah Price, 2019-08-20 Reports of the death of reading are greatly exaggerated Do you worry that you ve lost patience for

anything longer than a tweet If so you re not alone Digital age pundits warn that as our appetite for books dwindles so too do the virtues in which printed bound objects once trained us the willpower to focus on a sustained argument the curiosity to look beyond the day s news the willingness to be alone The shelves of the world s great libraries though tell a more complicated story Examining the wear and tear on the books that they contain English professor Leah Price finds scant evidence that a golden age of reading ever existed From the dawn of mass literacy to the invention of the paperback most readers already skimmed and multitasked Print era doctors even forbade the very same silent absorption now recommended as a cure for electronic addictions The evidence that books are dying proves even scarcer In encounters with librarians booksellers and activists who are reinventing old ways of reading Price offers fresh hope to bibliophiles and literature lovers alike Winner of the Phi Beta Kappa Christian Gauss Award 2020 *The Christian Century*, 1924 [Redgaunlet. Women and Literary Celebrity in the Nineteenth Century Brenda R. Weber, 2016-02-11 Focusing on representations of women s literary celebrity in nineteenth century biographies autobiographical accounts periodicals and fiction Brenda R Weber examines the transatlantic cultural politics of visibility in relation to gender sex and the body Looking both at discursive patterns and specific Anglo American texts that foreground the figure of the successful woman writer Weber argues that authors such as Elizabeth Gaskell Fanny Fern Mary Cholmondeley Margaret Oliphant Elizabeth Robins Eliza Potter and Elizabeth Keckley helped create an intelligible category of the famous writer that used celebrity as a leveraging tool for altering perceptions about femininity and female identity Doing so Weber demonstrates involved an intricate gender sex negotiation that had ramifications for what it meant to be public professional intelligent and extraordinary Weber s persuasive account elucidates how Gaskell s biography of Charlotte Bront served simultaneously to support claims for Bront s genius and to diminish Bront s body in compensation for the magnitude of those claims thus serving as a touchstone for later representations of women s literary genius and celebrity Fanny Fern for example adapts Gaskell s maneuvers on behalf of Charlotte Bront to portray the weak woman s body becoming strong as it is made visible through and celebrated within the literary marketplace Throughout her study Weber analyzes the complex codes connected to transatlantic formations of gender sex the body and literary celebrity as women authors proactively resisted an intense backlash against their own success *Eighteenth century letters: Swift, Addison, Steele* Reginald Brimley Johnson, 1898
