The background of the book cover is a color illustration of a military scene. In the foreground, a shirtless man with dark hair is crouching on the ground, looking down. Behind him, a soldier in a green uniform and helmet is standing, looking towards the man. Another soldier in a green uniform and helmet is visible in the upper right corner, looking down. The setting appears to be a grassy field with trees in the background.

Traas, Center of Military History United States Department of the Army,2018-10 Engineers at War describes the role of military engineers especially the U S Army Corps of Engineers in the Vietnam War It is a story of the engineers battle against an elusive and determined enemy in one of the harshest underdeveloped regions of the world Despite these challenges engineer soldiers successfully carried out their combat and construction missions The building effort in South Vietnam allowed the United

States to deploy and operate a modern 500 000 man force in a far off region Although the engineers faced huge construction tasks they were always ready to support the combat troops They built ports and depots carved airfields and airstrips out of jungle and mountain plateaus repaired roads and bridges and constructed bases Because of these efforts ground combat troops with their supporting engineers were able to fight the enemy from well established bases Although most of the construction was temporary more durable facilities such as airfields port and depot complexes **Infantry** ,1991 *Tonkin Gulf and the Escalation of the Vietnam War, Revised Edition* Edwin Moise,2019-07-15 On July 31 the U S Navy destroyer USS Maddox DD 731 began a reconnaissance cruise off the coast of North Vietnam On August 2 three North Vietnamese torpedo boats attacked the ship On the night of August 4 the Maddox and another destroyer the USS Turner Joy DD 951 expecting to be attacked saw what they interpreted as hostile torpedo boats on their radars and reported themselves under attack The following day the United States bombed North Vietnam in retaliation Congress promptly passed almost unanimously and with little debate a resolution granting President Lyndon Johnson authority to take all necessary measures to deal with aggression in Vietnam The incident of August 4 1964 is at the heart of this book The author interviewed numerous Americans who were present Most believed in the moment that an attack was occurring By the time they were interviewed there were more doubters than believers but the ones who still believed were more confident in their opinions Factoring in degree of assurance one could say that the witnesses were split right down the middle on this fundamental question A careful and rigorous examination of the other forms of evidence including intercepted North Vietnamese naval communications interrogations of North Vietnamese torpedo boat personnel captured later in the war and the destroyers detailed records of the location and duration of radar contacts lead the author to conclude that no attack occurred that night **Historical Dictionary of the War in Vietnam** Ronald B.
