Juvenile epigrams, and poems Samuel John Nash,1800 *Juvenile Epigrams, and Poems, etc. (Sentences from the author's writings, ... shewing the force and beauty of the English language.).* Samuel John Nash,1800 Archaic and Classical Greek Epigram Manuel Baumbach,Andrej Petrovic,Ivana Petrovic,2010-12-02 This book explores dialogue between Archaic and Classical Greek epigrams and their readers and argues for their often unacknowledged literary and aesthetic achievement *Rome's Patron* Emily Gowers,2024-02-27 The story of Maecenas and his role in the evolution and continuing legacy of ancient Roman poetry and culture An unelected statesman with exceptional powers a patron of the arts and a luxury loving friend of the emperor Augustus Maecenas was one of the most prominent and distinctive personalities of ancient Rome Yet the traces he left behind are unreliable and tantalizingly scarce Rather than attempting a conventional biography Emily Gowers shows in *Rome's Patron* that it is possible to tell a different story one about Maecenas's influence his changing identities and the many narratives attached to him across two millennia *Rome's Patron* explores Maecenas's appearances in the central works of Augustan poetry written in his name Virgil's *Georgics* Horace's *Odes* and Propertius's elegies and in later works of Latin literature that reassess his influence For the Roman poets he supported Maecenas was a mascot of cultural flexibility and innovation a pioneer of gender fluidity and a bearer of imperial demands who could be exposed as a secret sympathizer with their own values For those excluded from his circle he represented either favouritism and indulgence or the lost ideal of a patron in perfect collaboration with the authors he championed As Gowers shows Maecenas had and continues to have a unique cachet in the fantasies that still surround the gardens buildings and objects so tenuously associated with him in literature from Ariosto and Ben Jonson to Phillis Wheatley and W B Yeats and in philanthropy where his name has been surprisingly adaptable to more democratic forms of patronage **Greece, Macedon and Persia** Timothy Howe,Erin Garvin,Graham Wrightson,2015-03-12 *Greece Macedon and Persia* contains a collection of papers related to the history and historiography of warfare politics and power in the Ancient Mediterranean world The contributions written by 19 recognized experts from a variety of methodological and evidentiary perspectives show how ancient peoples considered war and conflict at the heart of social political and economic activity Though focusing on a single theme war the papers are firmly based in the context of the wider social and literary issues of Ancient Mediterranean

scholarship and as such consider war and conflict as part of a complex matrix of culture in which historical actors articulate their relationships with society and historical authors articulate their relationships with history The result is a rich understanding of Ancient World history and history writing The volume is presented in honour of Waldemar Heckel a foremost scholar of Alexander the Great and ancient warfare [American Terror](#) Paul Hurh,2015-06-09 If America is a nation founded upon Enlightenment ideals then why are so many of its most celebrated pieces of literature so dark American Terror returns to the question of American literature s distinctive tone of terror through a close study of three authors Jonathan Edwards Edgar Allan Poe and Herman Melville who not only wrote works of terror but who defended theorized and championed it Combining updated historical perspectives with close reading Paul Hurh shows how these authors developed terror as a special literary affect informed by the way the concept of thinking becomes in the wake of Enlightenment empiricism increasingly defined by a set of austere mechanic processes such as the scientific method and the algebraic functions of analytical logic Rather than trying to find a feeling that would transcend thinking by subtending reason to emotion these writers found in terror the feeling of thinking the peculiar feeling of reason s authority over emotional schemes In so doing they grappled with a shared set of enduring questions What is the difference between thinking and feeling Why does it seem impossible to reason oneself out of an irrational fear And what becomes of the freedom of the will when we discover that affects can push it around [The Publishers Weekly](#) ,1945 *The Poems of Henry Van Dyke* Henry Van Dyke,2018-01-04 Reproduction of the original *The United States Catalog* ,1950 **The Poems of John Donne: Volume One** Robin Robbins,2014-09-11 John Donne 1572 1631 is firmly fixed in the canon of English literature No man is an island and For whom the bell tolls are just two of his phrases known by virtually everyone The Poems of John Donne is a two volume edition of Donnes poems based on a comprehensive re evaluation of his work from composition to circulation and reception Donnes output is tremendously varied in style and form and demonstrates his ability to change his writing according to context and occasion This edition presents the text of all his known poems from the epigrams songs and satires written for fellow young men about town to the more mature verse epistles and memorial elegies written for his patrons Volume One contains the Epigrams Verse Letters to Friends Love Lyrics Love Elegies and Satires [The Complete Poems of John Donne](#) Robin Robbins,2014-06-06 The Poems of John Donne is one volume paperback edition of the poems of John Donne 1572 1631 based on a comprehensive re evaluation of his work from composition to circulation and reception Donne s output is tremendously varied in style and form and demonstrates his ability to exercise his rhetorical capabilities according to context and occasion This edition aims to present the text of all his known poems from the epigrams songs and satires written for fellow young men about town to the more mature verse epistles and memorial elegies written for his patrons The Longman Annotated English Poets series traditionally aims to present poems in chronological order in this edition however the principle has been observed only within generic sections This organisation reproduces the manner in which Donne s

original readers first encountered the poems in the various manuscripts of his elegies and satires that circulated in Donne's lifetime. Volume One contains the Epigrams, Verse Letters to Friends, Love Lyrics, Love Elegies, and Satires. Volume Two contains the religious poems, Wedding Celebrations, Verse Epistles to Patronesses, Commemorations, and the Anniversaries. The lyrics have been arranged alphabetically for ease of reference, and because in all but a few cases precise date of composition is impossible to determine. Each poem has extensive editorial commentary designed to put the twenty-first-century reader in possession of all that is necessary fully to appreciate Donne's work. A substantial headnote sets each poem in its historical and literary context, while the annotations give detailed guidance on the wealth of classical and religious allusions and give full representation to the literary, historical, and philosophical culture out of which the poems grew. In keeping with the traditions of the series, Donne's own text has been modernised in punctuation and spelling, except where to do so would alter or disrupt a rhyme.
