Angela Carter and Folk Music Polly Paulusma, 2022-12-01. From her unique standpoint as singer songwriter scholar Polly Paulusma examines the influences of Carter's 1960s folk singing unknown until now on her prose writing. Recent critical attention has focused on Carter's relationship with folk fairy tales but this book uses a newly available archive containing Carter's folk song notes books LPs and recordings to change the debate proving Carter performed folk songs. Placing this archive alongside the album sleeve notes Carter wrote and her diaries and essays it reimagines Carter's prose as a vehicle for the singing voice and reveals a writing style imbued with songfulness informed by her singing praxis. Reading Carter's texts through songs she knew and sang this book shows from influences of rhythm melodic shape thematic focus imagery
