**The Return of the Heir** Gerri Russell, 2022-02-24 It's a clan feud, a war with destiny and a dusting of magic. As the first born triplet and heir of the MacLeod clan, Alastair MacLeod has always known he would return to Dunvegan Castle and succeed his father as Guardian of the Isles. He's honed his battle skills since his betrothed left him at the altar, stole a precious artifact and presumably died. Called by his brother Alastair, reluctantly returns home with his soldiers. As he beholds the ghost of Gwendolyn in the tower, his worst nightmare has come true. Gwendolyn's ghost intends to haunt him. To save her family's lives, Gwendolyn Harris was forced by a rival clan to steal the legendary Fairy Flag and leave Alastair behind. She and her siblings have been locked in the haunted tower for five years, kept alive only to play a ghost while the rival clan plans for war. When Alastair returns, all Gwendolyn wants is to bury herself in his strong embrace. But his presence at Dunvegan means his life is in jeopardy and Gwendolyn will do anything to keep him safe.

[Love Is in the Heir](#) Jenny Gardiner, 2015-09-18 Ya gotta hand it to him. When the teenaged Duchess Pippa Grimaldi walked in on her best friend's brother Prince Christopher in a particularly private moment, she about died of embarrassment. As did Topher, especially when his brother Zander and the rest of his royal siblings then promptly dubbed him the Wanker and never let him live down his public exposure. It seemed the only way he could escape his overwrought reputation was by fleeing Monaforte altogether, which he did for years. But when he finally returns to the European principality for the wedding of his brother Prince Adrian, Topher finds himself relishing a most unexpected one-night stand with none other than free-spirited Pippa. And while Topher would like nothing more than to nurture the secret crush he'd had on her for years, she decides the only way to spare him further shaming at the hands of his brothers is to get far, far away from him. Even if being with him stirs feelings she's never felt with another man. What people are saying about Jenny Gardiner's books: A fun, sassy read. A cross between Erma Bombeck and Candace Bushnell. Reading Jenny Gardiner is like sinking your teeth into a chocolate cupcake; you just want more. Strategic Imaginations Anke Gilleir, Aude Defurne, 2020-12-15 Imaginations of female rule and the imaginative strategies of women rulers What is the gender of political power What happens to the history of sovereignty when we reconsider it from a gender perspective Political sovereignty has been a major theme in European thought from the very beginning of intellectual reflection on community Philosophy and political theory historiography theology and literature and the arts have often in dialogue with one another sought to represent or recalibrate notions of rule Yet whatever covenant was imagined sovereign rule has consistently been figured as a male prerogative While in depth studies of historical women rulers have proliferated in the past decades these have not systematically explored how all women rulers throughout the entirety of European culture have had to operate in a context that could not think power as female except in grotesque terms Strategic Imaginations demonstrates that this constitutive tension can only be brought out by studying women's political rule in a comparative and longue durée manner The book offers a collection of essays that brings together studies of female sovereignty from the Polish Lithuanian to the British Commonwealth and from the Middle Ages to the genesis of modern democracy It addresses historical figures and takes stock of the rich yet unsettling imagination of female rule in philosophy literature and art history For all the variety of geographical social and historical contexts it engages the book reveals surprising resonances between the strategies women rulers used and the images and practices they adopted in the context of an all pervasive skepticism toward female rule
