*Tank Attack at Monte Cassino* Jeffrey Plowman, 2020-04-30 Early morning 19 March 1944 Tanks manned by New Zealanders Indians and Americans launch a daring attack along a narrow mountain track on German positions north of Monte Cassino So began one of the most audacious Allied attempts to break through the Gustav Line and advance on Rome and it almost succeeded Yet the extraordinary story has seldom been told and it has never been told before in the vivid detail Jeffrey Plowman brings to this new account Using operational orders combat reports unit diaries post battle photos from private and public archives and the graphic personal accounts of those who took part he describes the construction of Cavendish Road and the course of the entire operation that followed The planning for the attack and the men involved are described in a gripping and clear sighted way as is the attack itself its initial rapid success and its ultimate failure Eighty years later Jeffrey Plowman reveals exactly what happened and shows how and why this bold thrust against the German strongpoints at Monte Cassino which could have turned the course of the battle ended in retreat His book also features a visitor s guide that covers the length of Cavendish Road from the village of Cairra to Massa Albaneta linking each spot with the events described in the narrative Tank Attack J. Eldridge, 1999 Based on real life war events this book tells the story of the desert campaign in Africa culminating in the turning point of El Alamein from the perspective of a young soldier The story is supplemented by an introduction with maps kit lists illustrations a centre section with actual photographs and an epilogue with the final map positions fatalities and a note on the significance of the battle
