Baumbach Ph.D, 2013-04-10 *THEY ONLY CHANGED HIS NAME* is a fictionalized presentation of selected biographical events in the life of Bernard E Baumbach 1892 1981 It begins with an imaginative characterization of the circumstances that provoked his then unmarried father to emigrate from Germany in 1883 with an older brother They dreamed of becoming wealthy in the developing oil fields of Northwestern Pennsylvania When he was seventeen years old Bernard ventured to Central California with Earl a double cousin They too had dreamed of becoming wealthy For them it was to be as employees of The Standard Oil Company of California Their adjustments to their new circumstances were eased because of the help provided by Bernard's older brother Albert who had made that same trip two years earlier The story chronicles his life as he matured into manhood which at first was a foreign country He grew up in a richly religious German neighborhood on the outskirts of Oil City PA Central California was strange also because there were no wooded hills and rushing rivers The desert like weather was yet another contending factor and the culture of California that provoked individuality and independence was daunting He joined the U S Marine Corps on May 22 1918 and served as a corporal in the Shore Patrol in France for four months prior to the Armistice and for eight months following Three months later he married Cordula Julia Charlotte Becker of Pasadena CA He continued with Standard Oil of California until his retirement while garnering an exemplary record for safety as a driller The centerpiece of the story however is that of family his family on Dutch Hill in the Cornplanter Township in PA Julia's family in Pasadena CA and Julia's and his family of five children in Anaheim CA      *More Than a Dream* Lauraine Snelling, 2003 Sudden tragedy puts their faith and lives on the line in this compelling conclusion to the bestselling series from Lauraine Snelling      **Old Wine** Phyllis Bottome, 1925      **Old Wine** Phyllis Bottome, 1998 Dramatizing the international sweep of Phyllis Bottome's political ethics feminism and activism *Old Wine* is as meaningful today as it was prescient at its time of publication in 1924 *Old Wine* traces the demise of the Austro-Hungarian Empire and the impact of modernity through an intricate network of political and sexual relationships among
