Clement, Anna Maria Clement, 2012 The Clements believe that sexual energy is a universal fuel of life and that along with diet and exercise nothing naturally enhances health more than remaining sexually active **Encyclopedia of New Age Beliefs** John Ankerberg, John Weldon, 1996 This comprehensive indexed volume includes short one page listings of pertinent facts about a particular movement its founder how it claims to work scientific evaluations done and its potential dangers Some topics covered are angels visualization shamanism hypnosis new age medicine and martial arts **Making a Mantra** Ellen Gough, 2021-10-11 Jainism originated in India and shares some features with Buddhism and Hinduism but it is a distinct tradition with its own key texts art rituals beliefs and history One important way it has often been distinguished from Buddhism and Hinduism is through the highly contested category of Tantra Jainism unlike the others does not contain a tantric path to liberation But in Making a Mantra historian of religions Ellen Gough refines and challenges our understanding of Tantra by looking at the development over two millennia of a Jain incantation or mantra that evolved from an auspicious invocation in a second century text into a key component of mendicant initiations and meditations that continue to this day Typically Jainism is characterized as a celibate ascetic path to liberation in which one destroys karma through austerities while the tantric path to liberation is characterized as embracing the pleasures of the material world requiring the ritual use of mantras to destroy karma Gough however argues that asceticism and Tantra should not be viewed in opposition to one another She does so by showing that Jains perform tantric rituals of initiation and meditation on mantras and alas Jainism includes kinds of tantric practices Gough provocatively argues because tantric

practices are a logical extension of the ascetic path to liberation Encyclopedia of New Religious Movements Peter Clarke, 2004-03 An essential companion to both research and scholarship upon which undergraduates postgraduates lecturers and researchers can all be expected to draw **Secrets of the Eternal Moon Phase Goddesses** Julie Peters, 2016-05-09 Wholeness Is Limiting Possibilities Emerge When We re in Pieces Everyone experiences brokenness at some point in their lives a romantic relationship fails a job ends a dream dies an illness emerges During these times it is easy to focus on our human frailty and to want nothing more than to be whole again But what are we missing when we overlook the ugliness fear anger and vulnerability of being in pieces The Nityas or the Eternal Moon Phase Goddesses of Tantric philosophy teach us that we miss the empowerment of the full human experience and the growth that comes from renewing ourselves again and again This introduction to Tantric mythology as a contemporary resource for personal and spiritual growth guides you to reach into your pain and ask the larger questions about your relationships not only with your lover but also with your community and with yourself Each goddess prompts you to explore some aspect of relationship such as loneliness true love equality instinct learning from the other and learning to be alone In seeking answers to these questions supported by yogic wisdom modern research into psychology and sociology and nightly meditation and journaling practices you will find empowerment in discovering who you are and what you truly desire
