Tantric Ethics Tsong-kha-pa Blo-bzang-grags-pa, 2005-09-27 The scholar and tantric adept Tsongkhapa 1357 1419 one of the greatest philosophers produced by Tibet's Buddhist culture composed works on every aspect of Buddhist philosophy and practice This book contains a translation of his Fruit Clusters of Siddhis an explanation of the tantric vows and provides a clear explanation of the nature of each vow and the criteria for determining when a downfall has occurred **BOOK JACKET**

Tantric Ethics Je Tsongkhapa, 2016-05-31 Tantra or Vajrayana Buddhism is a set of esoteric practices that involve mantra recitation and complex visualizations Tantra constitutes the fabric of a Tibetan Buddhist's daily practice but no practice of tantra can be successful without adherence to the tantric precepts the highest of three complementary sets of vows Tsongkhapa is perhaps the greatest philosopher ever produced by Tibet's Buddhist culture and this book is a translation of his explanation of the tantric precepts *Becoming Buddhist* Glenys Eddy, 2012-02-02 What does it mean to be a Western Buddhist For the predominantly Anglo Australian affiliates of two Western Buddhist centres in Australia the author proposes an answer to this question and finds support for it from interviews and her own participant observation experience Practitioners prior experiences of experimentation with spiritual groups and practices and their experiences of participation practice and self transformation are examined with respect to their roles in practitioners appropriation of the Buddhist worldview and their subsequent commitment to the path to enlightenment Religious commitment is experienced as a decision point itself the effect of the individual's experimental immersion in the Centre's activities During this time the claims of the Buddhist worldview are tested against personal experience and convictions Using rich ethnographic data and Lofland and Skonovd's experimental conversion motif as a model for theorizing the stages of involvement leading to commitment the author demonstrates that this study has a wider application to our understanding of the role of alternative religions in western contexts **Buddhism , Sustainable Happiness** Joe Loizzo, 2012-09-10 Today's greatest health challenges the so called diseases of civilization depression trauma obesity cancer are now known in large part to reflect our inability to tame stress reflexes gone wild and to empower instead the peaceful healing and sociable part of our nature that adapts us to civilized life The same can be said of the economic challenges posed by the stress reactive cycles of boom and bust driven by addictive greed and compulsive panic As current research opens up new horizons of stress cessation empathic intelligence peak performance and shared happiness it has also encountered Asian methods of self healing and interdependence more effective and teachable than any known in the West Sustainable Happiness is the first book to make Asia's most rigorous and complete system of contemplative living hidden for centuries in Tibet accessible to help us all on our shared journey towards sustainable well being altruism inspiration and happiness *The Oxford Handbook of World Philosophy* Jay L. Garfield, William Edelglass, 2011-06-09 This volume provides the advanced student or scholar a set of introductions to each of the world's major non European philosophical traditions Sections on Chinese philosophy Indian philosophy Buddhist

philosophy East Asian philosophy African philosophy and trends in global philosophy are all edited by an expert Mind Seeing Mind Roger R. Jackson, 2019-10-29 A definitive study of one of the most important practices in Tibetan Buddhism with translations of a number of its key texts Mahamudra the great seal refers to the ultimate nature of mind and reality to a meditative practice for realizing that ultimate reality and to the final fruition of buddhahood It is especially prominent in the Kagy tradition of Tibetan Buddhism so it sometimes comes as a surprise that mahamudra has played an important role in the Geluk school where it is part of a special transmission received in a vision by the tradition's founder Tsongkhapa Mahamudra is a significant component of Geluk ritual and meditative life widely studied and taught by contemporary masters such as the Dalai Lama Roger Jackson's *Mind Seeing Mind* offers us both a definitive scholarly study of the history texts and doctrines of Geluk mahamudra and masterful translations of its seminal texts It provides a skillful survey of the Indian sources of the teaching illuminates the place of mahamudra among Tibetan Buddhist schools and details the history and major textual sources of Geluk mahamudra Jackson also addresses critical questions such as the relation between Geluk and Kagy mahamudra and places mahamudra in the context of contemporary religious studies The translation portion of *Mind Seeing Mind* includes ten texts on mahamudra history ritual and practice Among these are the First Panchen Lama's root verses and autocommentary on mahamudra meditation his ritual masterpiece Offering to the Guru and a selection of his songs of spiritual experience *Mind Seeing Mind* adds considerably to our understanding of Tibetan Buddhist spirituality and shows how mahamudra came to be woven throughout the fabric of the Geluk tradition *The Two Truths Debate* Sonam Thakchoe, 2016-01-26 All lineages of Tibetan Buddhism today claim allegiance to the philosophy of the Middle Way the exposition of emptiness propounded by the second century Indian master Nagarjuna But not everyone interprets it the same way A major faultline runs through Tibetan Buddhism around the interpretation of what are called the two truths the deceptive truth of conventional appearances and the ultimate truth of emptiness An understanding of this faultline illuminates the beliefs that separate the Gelug descendants of Tsongkhapa from contemporary Dzogchen and Mahamudra adherents *The Two Truths Debate* digs into the debate of how the two truths are defined and how they are related by looking at two figures one on either side of the faultline and shows how their philosophical positions have dramatic implications for how one approaches Buddhist practice and how one understands enlightenment itself *Fragrant Rivers of Wisdom A.* Christian van Gorder, 2021-12-09 Buddhism and Christianity are ancient rich and multivalent wisdom spirituality traditions that often have insightful similarities as well as distinct perspectives from entirely different starting points *Fragrant Rivers of Wisdom* explores some of these paths and encourages readers to gain as far as is possible a participant's appreciation of another faith This book aims to help readers celebrate and enjoy the rich wisdom legacies of a teacher revealing a pure lotus blossoming from mud and the legacies of a peasant Jewish carpenter from Galilee revealing love on a cross Both teachers share the power of love the joys of healing encouragement and the creative resources of spirit-filled living Their ancient

words and their modern communities still following these paths are dynamically relevant for our modern context of confusion and challenge
