Applied Business Ethics, Volume 1 Brian Keen, 2012-06 The Truth can be known with Theanthropic Ethics which is one of the few scientific ethical categories Dr Brian Keen has researched numerous ethical categories and has found only Theanthropic Ethics understands that there is one universally applicable Truth The Truth has practical application in every enterprise business or profession Any business enterprise or profession operating in an ethical manner will have the necessary POWER to succeed Accounting is featured since accountants as professionals must utilize scientific methodologies Businesses and enterprises require POWER Living People to employ since ethical employees are an asset in Truth Many entrepreneurs are POWER Living People Dr Keen proves through conclusions from objective data that the Truth has relevance for today Ethical dilemmas can be resolved through adherence to the Truth For example would you allow a cashier to accept two 5 bills for a product costing 45 and give a 10 bill for change Would adherence to a philosophy that 5 5 55 be

sufficient Dr Keen knows the Truth that 5 5 10 when the same types are added Living the Truth is ethical when utilizing this scientifically verifiable ethical category which is confirmed in Theanthropic Ethics Life Coaching Gina Harris, 2002-01-06 The chief impulse for writing this book was impatience I was rapidly tiring of people exclaiming e You re a life coach What on earth s that e Their ignorance is excusable Life coaching is a fairly recent phenomenon in the UK although it has been around considerably longer in the USA Beside the need to explain exactly what it is I also have the desire to spread the word about its value and effectiveness Once I had discovered this better mousetrap I knew I could not expect people to beat a path to my door I must wave the mousetrap aloft and shout about its glories My impatience will turn to delight when the guestion I hear asked most often about life coaching is not What is it but So who s your coach My own discovery of life coaching is an interesting example of what is now called synchronicity After several years of involvement in the field of self development mainly as a licensed trainer for Springboard the international women s development programme I became aware of a gap in the support available to people who took such development seriously and who wanted to continue exploring their potential in a regular focused and motivating way I actually wrote down my idea of what I thought was needed I still have the scribbled notes Unknown to me what I had actually written was an accurate description of life coaching Shortly afterwards when giving a talk about Springboard I met Chris Taylor who was to become a much valued mentor and friend At one of our regular meetings she gave me some information about Coach University and the light flashed on So this was what I d been visualising I signed up for coach training that very same day This book is just one person s experience and understanding of life coaching mine There are other coaches more skilled more knowledge able and more qualified to do this than I am When I revealed these doubts to my friends they all sighed in exasperation and said e But they aren t writing this book you are e If I use the term we to convey opinions other than just my own I would like you to remember the quote from Simone Weil e Every sentence that begins with we is a lie e My book will have done its job if it simply tells you enough about life coaching for you to want to know more It will have succeeded if it encourages you to find yourself a coach and discover the life you really want to live If it also inspires you to take on the coaching mindset in all your interactions with other human beings that will be one more person transforming our world for the better Wisdom From World Religions John Marks Templeton, 2008-01-01 Every religion acknowledges certain spiritual principles and records them in its sacred literature and traditions This book curates these ancient teachings and shows how they apply to modern life with the help of parables quotations and commentaries By reading Wisdom from World Religions people from all walks of life will be inspired to pursue their own spiritual growth and to contemplate questions central to our existence such as how through love and creativity can we be agents of divinity on earth Uplifting and instructional this is a book to be treasured studied and practiced Encyclopedia of Business Ethics and Society Robert W.
