## **Tape A Radio News Handbook:**

**Tape: a Radio News Handbook** F. Gifford, 1974      **The Radio Handbook** Pete Wilby, 2002-09-11 First published in 2002 Routledge is an imprint of Taylor Francis an informa company      **Digitization and Digital Archiving** Elizabeth R Leggett, 2020-12-15 To help new archivists and genealogists with what can be a daunting process Digitization and Digital Archiving A Practical Guide for Librarians answers common questions including 1 What should be stored 2 Where and how should it be stored 3 How exactly is information stored in a computer 4 How does copyright law affect archiving 5 How can metadata be used to improve collection access This revised second edition has been updated to address new trends and the latest innovations in technology including 1 A brand new chapter addressing different common types of born digital materials which a librarian may need to archive such as databases or websites 2 Information about identifying and gathering data from floppy disks an increasingly important task as this technology ages and its data becomes at greater risk of loss 3 Fully updated chapters to address the latest changes in file storage and formats including more information on the storage of audio and video media 4 Interesting information about the origins of different common technologies to help the reader better understand the past present and future of computer technology This is a comprehensive guide to the process of digital storage and archiving Assuming only basic computer knowledge this guide walks the reader through everything he or she needs to know to start or maintain a digital archiving project Any librarian interested in how digital information is stored can benefit from this guide      **Routledge Revivals: Radio Broadcasting from 1920 to 1990 (1991)** Diane Foxhill Carothers, 2016-11-10 First published in 1991 this book presents a comprehensive annotated bibliography of radio broadcasting Its eleven chapter categories cover almost the entire range of radio broadcasting with the exception of radio engineering due to its technical complexity although some of the historical volumes do encompass aspects thus providing background material Entries are primarily restricted to published books although a number of trade journals and periodicals are also included Each entry includes full bibliographic information including the ISBN or ISSN where available and an annotation written by the author with the original text in hand      **The Radio Handbook** Carole Fleming, 2002 This is a comprehensive guide to radio broadcasting in Britain It examines the various components that make radio from music selection to news presentation and from phone ins to sports programmes      *The Radio Jockey Hand Book* Simran Kohli, 2005-06 Gone are the days when cabinet expansion used to get total media attention Now cricket is hogging the limelight and team selection is the most debatable issue inside television studios before every series Gone are the days when political king makers who played a major role in selecting the ministers used to grab unprecedented attention now it s the turn of national selectors Gone are the days when after every general election media persons used to spend sleepless nights talking about the likely allocation of the portfolios Which batsman is going to play at what position seems to be their major concern now Gone are the days when psephologists used to be media s prize catch Now former cricketers who can become

good in house guests are in demand Gone are the days when people used to wait for general elections with bated breath The World Cup is the most awaited event now Prime Minister of the country is still a powerful man but the captain of Indian cricket team can give him a run for his money as far as popularity and media attention is concerned Nothing reflects this better than our television screen From dawn to dusk from womb to tomb cricket follows us Some of my friends say that it s a metro trend but I can say that it s catching up in far and remote areas of the country as well Often people complain about why we have extreme reaction on Team India s performance Swami Vivekananda who taught his disciples to worship God like heroes used to say There must be no fear no begging but demanding demanding the highest The true devotees are as hard as adamant and as fearless as lion In our generation politicians failed us as they became synonymous with corruption Bureaucrats failed us as they stood for delaying rather than getting the work done Film stars gave us momentary feel of bravado but then they were reel and not real life heroes In our search for heroes we zeroed in on the cricketers And this is the reason as to why we react extremely to team India s performance Cricket is more than just a game it s a matter of emotion for us Cricketers are more than just players they are heroes for us We react extremely as we love them and are emotionally attached to them If there is one place on earth where all dreams of living men have found a home from the very earliest when men began the dream of existence it s India In its infancy cricket was very much an English sport but today it is the voice of India The game has become so ingrained in our society that it s often said If you want to know India understand cricket To bring about social equality in our representative institutions and policy making bodies our political masters followed the policy of positive discrimination On the contrary the game of cricket has broken regional and other traditional barriers in the talent based environment From the game which was confined to Rajas and Maharajas today it has percolated deep down to the grass root level Team India s dressing room is truly reflective of this transformation it is equally if not more representative than the Indian parliament Most of the members of the Indian dressing room come from non cricketing backgrounds The most charismatic batsman of present generation is the son of a teacher his opening partner s father used to sell farm seeds wheat and rice The next all rounder hope of the country is the son of a muezzim and the Adam Gilchrist prototype of team India is the son of a government employee who retired as a pump operator Most of the members of the present day Indian dressing room come from non cricketing environs If Munaf Patel is from a village called Ikhar in Gujarat Kerala born pacer Sreesanth is from Kochi Most of the members of the present Indian dressing room had nothing in the name of sports facilities And yet they managed to find a way
