Tapies The Complete Works:

Tàpies: 1943-1960 Antoni Tàpies, Anna Agustí, 1988 Foreword by Georges Raillard **Tapies** Anna Agustí, 1997 The sixth volume of the Antoni Tàpies catalogue raisonné includes the works done between 1986 and 1990 The second half of the eighties began with a great creative spurt in fields as diverse as the material pictures sculptures drawing and cardboard The impulse came partly from a project he was working on feverishly the Fundació Antoni Tàpies That activity took the shape of renewed experimentation with materials and techniques in a quest for new forms of expression coupled with a conscious return to his past the themes and techniques he knows so well On dust jacket volume 6 Obra Completa **Antoni Tapies. Englische Ausgabe.** Andreas Franzke, Antoni Tàpies, John William Gabriel, 1992-01 Antoni Tapies Spain's greatest living artist is a leading exponent of matter painting a style characterized by encrusted layers of paint that create an effect of solid relief His best known works resemble sections of weathered wall textured with the traces of time and human endeavor This highly concrete starkly immediate art reflects the artist's profound humanitarian concerns and continues the tradition of realism and solemn mysticism that has been characteristic of Spanish art through the centuries Featuring high quality reproductions of major works from all phases of the artist's career this book traces the development of Tapies's art from the drawings of the 1940s when he was forced by a potentially fatal disease to spend a long period in sanatoria to the first wall paintings of the mid 1950s from the assemblages of the 1970s to the fire clay sculptures of recent years A number of his latest paintings are discussed and illustrated The author shows how the artist's intensely personal imagery is intimately related to his intellectual and political experiences Throughout his career Tapies has been an advocate of freedom for his native Catalonia and during the Franco dictatorship was an outspoken champion of human liberty Such concerns have caused the artist to avoid pure abstraction whether by virtue of references to the visible world in his works or by the sheer force of their material presence Tapies has drawn inspiration from a wide variety of sources the art of Joan Miró and Paul Klee of Surrealism and Far Eastern calligraphy have played as formative a role as have the music of Richard Wagner and the philosophy of Hegel Jean Paul Sartre and the Far East He has absorbed these influences to fashion an art of confession of manifestos and appeals homages and protests This overview of an oeuvre marked by the greatest personal and artistic integrity is completed by biographical notes and an extensive bibliography BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved *Tapies* Antoni Tàpies, Anna Agustí, 1998 Tapies Antoni Tàpies, Anna Agustí, 1997 The sixth volume of the Antoni Tàpies catalogue raisonné includes the works done between 1986 and 1990 The second half of the eighties began with a great creative spurt in fields as diverse as the material pictures sculptures drawing and cardboard The impulse came partly from a project he was working on feverishly the Fundació Antoni Tàpies That activity took the shape of renewed experimentation with materials and techniques in a quest for new forms of expression coupled with a conscious return to his past the themes and techniques he knows so well On dust jacket volume 6 Obra

Completa **Tapies ; The Complete Works** Anna Agusti, Antoni Tapies, 1990 Tapies Antoni Tàpies, Anna Agusti, 1997 This fourth volume of the complete works of Tapies a series which is planned to include a total of seven volumes covers the period between 1976 to 1981 In this period the number of openly political statements in Tapies work begins to decline significantly due in part to Spain's democratization Once again the artist was free to energetically devote himself to tackling artistic problems searching for new pictorial approaches and technical procedures and experimenting with new materials and instruments In the second half of the seventies and in the early eighties Tapies work is characterized mainly by stringent formal simplification and consequently by univocal motifs He returns to hermetic walls and offsets large surfaces with geometrical structures straddling the central object This is also a period of suggestive relief effects produced by objects covered by large canvases and works that reproduce the imprint of objects from everyday life pressed onto a still moist medium **Tàpies ; Tàpies** Anna Agustí, 1988 **Tàpies** Antoni Tàpies, 1988 *Tapies*, 1989 *Tàpies* Anna Agustí, Antoni Tàpies, 1988 *Tapies* Anna Agusti, 1988 **The Literary and Cultural Rhetoric of Victimhood** F.
