Latin American Macroeconomic Reforms José Antonio González, Vittorio Corbo, Anne O. Krueger, Aaron Tornell, 2010-04-15 Hidden behind a number of economic crises in the mid to late 1990s including Argentina s headline grabbing monetary and political upheaval is that fact that Latin American economies have generally speaking improved dramatically in recent years Their success has been due in large part to macroeconomic reforms and this book brings together prominent economists and policymakers to assess a decade of such policy shifts highlighting both the many success stories and the areas in which further work is needed Contributors offer both case studies of individual countries and regional overviews covering monetary financial and fiscal policy Contributors also work to identify future concerns and erect clear signposts for future reforms For instance now that inflation rates have been stabilized one suggested second stage monetary reform would be to focus on reducing rates from high to low single digits Financial sector reforms it is suggested should center on improving regulation and supervision And contributors argue since fiscal stability has already been achieved in most countries new fiscal reforms need to concentrate on institutionalizing fiscal discipline improving the efficiency and equity of tax collection and modifying institutional arrangements to deal with increasingly decentralized federal systems The analysis and commentary in this volume authored not only by academic observers but by key Latin American policymakers with decades of firsthand experience will prove important to anyone with an interest in the future of Latin American s continuing economic development and reform Contributors to this volume Jos Antonio Gonz lez Stanford University Anne O Krueger International Monetary Fund Vittorio Corbo Pontifical Catholic University Chile Klaus Schmidt Hebbel Central Bank of Chile Alejandro Werner Bank of Mexico M rcio G P Garcia Pontifical Catholic University Rio Tatiana Didier World Bank Gustavo H B Franco former president Central Bank of Brazil Francisco Gil D az Minister of the Treasury
