Tartot Revisioned Leigh J McCloskey Paperback:

Tarot Georgelle Hirliman, 2017-01-27 Tarot cards offer ancient wisdom and modern guidance for your growth and progress in living a life of awareness and you can learn to use them meaningfully as soon as you have the deck in your possession. In her third book *Tarot A Crones View*, Insights and Instruction author and astrologer Georgelle Hirliman presents a digest of a lifetime's study of the Tarot and the systems that are expressed through it: astrology, numerology, Tree of Life, I Ching, eastern philosophies and metaphysics in general. She shares the meanings of the Major Arcana, the Minor Arcana and the elements that relate to each of the four suits: Cups, Wands, Swords and Discs. She also reveals how to weave cards together into a layout and make sense of what the cards are telling you. This method considers all cards in light of their total message, positive and negative, as the surrounding cards frame the meaning. Tarot teaches that all the negatives are merely fertilizer for future growth. Based on more than fifty years of research of astrology and Tarot, this guide engages the Tarot with intellect, wisdom and humor, offering a method for anyone to use.

Tarot Revisioned Leigh McCloskey, 2003 A treatise on the tarot written by an independent scholar and artist, sewn and printed on heavy coated stock, profusely illustrated in Black and White with Brilliant Color dust jacket and end papers. This book was 17 years in the making. Also available in a limited signed edition bound in leather.

Wen gives a comprehensive overview of the history of the tarot and a wide array of theories on its use, including its relationship to Jungian archetypal psychology and traditional Chinese divination practices.
