Taste A Literary History:

Taste Denise Gigante, 2008-10-01 div What does eating have to do with aesthetic taste While most accounts of aesthetic history avoid the gustatory aspects of taste this book rewrites standard history to uncover the constitutive and dramatic tension between appetite and aesthetics at the heart of British literary tradition From Milton through the Romantics the metaphor of taste serves to mediate aesthetic judgment and consumerism gusto and snobbery gastronomes and gluttons vampires and vegetarians as well as the philosophy and physiology of food The author advances a theory of taste based on Milton's model of the human as consumer and digester of food words and other commodities a consumer whose tasteful subliminal self remains haunted by its own corporeality Radically rereading Wordsworth's feeding mind Lamb's gastronomical essays Byron's cannibals and other deviant diners and Kantian nausea Taste resituates Romanticism as a period that naturally saw the rise of the restaurant and the pleasures of the table as a cultural field for the practice of aesthetics DIV

[An Introduction to the History of Modern Arabic Literature in Egypt](#) J. Brugman, 2023-10-16 Arabic literature is noted for its tradition conscious consistency and sophistication In the classical period poetry and prose reached a high level of refinement and attained standards which are still being applied in the modern Arab world today The literature of the modern post classical period is no less sophisticated being a vibrant and flourishing expression of the continued Arabic tradition The series Studies in Arabic Literature Supplements to the Journal of Arabic Literature founded in 1971 is concerned with all kinds of literary expression in Arabic including the oral and vernacular traditions of both the modern and the classical periods Studies in the series can be literary historical analytical or comparative in nature and can treat of individual works authors and genres as well as literary traditions in a wider context Studies dealing with the social political and philosophical backgrounds of Arabic literature are particularly welcome in the series The series comprises monographs thematic collections of articles handbooks textual editions and annotated translations Text editions are as a rule accompanied by a translation on facing pages both text editions and translations should include comprehensive critical introductions which give a full and proper appreciation of the text or texts in question

Salons, History, and the Creation of

Seventeenth-Century France Faith E. Beasley, 2017-09-29 The first half of the book is a detailed study of how the salons influenced the development of literature Beasley argues that many women were not only writers they also served as critics for the literary sphere as a whole In the second half of the book Beasley examines how historians and literary critics subsequently portrayed the seventeenth century literary realm which became identified with the great reign of Louis XIV and designated the official canon of French literature Beasley argues that in a rewriting of this past the salons were reconfigured in order to advance an alternative view of this premier moment of French culture and of the literary masterpieces that

developed out of it Through her analysis of how the seventeenth century salon has been defined and transmitted to posterity Beasley illuminates facets of France's collective memory and the powers that constituted it in the past and that are still working to define it today *The Routledge History of the Senses* Andrew Kettler, Will Tullett, 2025-06-26 The Routledge History of the Senses presents readers with an overview of the field As well as pointing to directions for the future of the discipline it illustrates the extent to which the subject offers a considerable space for the exploration of diverse historical topics through the lens of sensory experience The handbook brings together essays and case studies from some of the leading academics on the history of the senses Together they not only chart topics and arguments in existing scholarship but introduce fresh methodologies for future analyses Specifically the chapters collectively show that the senses of the historical body often portray the intensity of the invasion of capital upon the functions of the mind throughout global history As a global history this work arrives at a time when many sensory historians are looking for a touchstone for moving beyond the often heavily Western frameworks that dominate the existing literature on the historical senses Not only will this book appeal to students and scholars of the history of senses visual studies art history food studies and many of the social sciences but individual chapters also offer useful reading material for a wide range of history modules and contemporary topics **A History of Modern Criticism 1750-1950: Volume 1, The Later Eighteenth Century** René Wellek, 1981-08-13 Vol 2 is missing from the series **The Popular Book - A History of America's Literary Taste**, 1968 **Reception Theory** Robert C. Holub, 2013-06-19 First published in 2002 Modes and categories inherited from the past no longer seem to fit the reality experienced by a new generation New Accents is intended as a positive response to the initiative offered by such a situation Each volume in the series will seek to encourage rather than resist the process of change to stretch rather than reinforce the boundaries that currently define literature and its academic study Reception theory is a term that is likely to sound strange to speakers of English who have not encountered it previously In the largest sense it is a reaction to social intellectual and literary developments in West Germany during the late 1960s *The Pornography of Representation* Susanne Kappeler, 2013-05-03 This book marks a radical and powerful intervention in traditional arguments about pornography Kappeler re-examines the artistic distinctions between fantasy and reality pornography and erotica and challenges the legal definition of obscenity as well as the intellectual defence of freedom of expression By linking images of actual violence with the imaginative portrayal of women in the realm of the aesthetic she establishes vital connections between modes of representation and social forms of power and domination It is essential reading for anyone concerned with issues of pornography and sexual politics and related debates in literary criticism and cultural studies **Classics and Classicists** John Glucker, 2019-11-29 This collection of articles published between 1964 and 2000 represents a panoramic view of Greek and Roman literature and philosophy ranging from detailed discussions of texts to general literary and philosophical issues It also delves into problems in the transmission of ancient works and their reception in modern contexts

including modern English literature These articles will appeal mainly to Classical scholars and students of ancient philosophy as well as to lovers of literature and of the intellectual history of Western Europe All articles have been republished in their original form with an emphasis on basing every discussion firmly on the available evidence

Multiple Perspectives on English Philology and History of Linguistics Shōichi Watanabe,Tetsuji Oda,Hiroyuki Eto,2010 This collection of articles covers a wide range of topics in English philology and history of linguistics The volume proceeds from Old English studies offering a unique perspective and approach in literary and linguistic research into Anglo Saxon England Two articles deal with English phonology from both historical and contemporary standpoints and another with a theoretical discussion of etymological inquiry The last section contains three articles focusing on the history of linguistics or the history of ideas The wide range of topics addressed in the 12 chapters of this volume reflects the diversity of interests in the research efforts of Shoichi Watanabe professor emeritus at Sophia University to whom this volume is dedicated by his former students He is not only highly valued as a distinguished professor of English philology but also acknowledged for his critique of civilization with his unique view of history and culture

The Routledge Companion to Aesthetics Berys Gaut,Dominic Lopes,2013-04-17 The third edition of the acclaimed Routledge Companion to Aesthetics contains over sixty chapters written by leading international scholars covering all aspects of aesthetics This companion opens with an historical overview of aesthetics including entries on Plato Aristotle Kant Nietzsche Heidegger Adorno Benjamin Foucault Goodman and Wollheim The second part covers the central concepts and theories of aesthetics including the definitions of art taste the value of art beauty imagination fiction narrative metaphor and pictorial representation Part three is devoted to issues and challenges in aesthetics including art and ethics art and religion creativity environmental aesthetics and feminist aesthetics The final part addresses the individual arts including music photography film videogames literature theater dance architecture and design With ten new entries and revisions and updated suggestions for further reading throughout The Routledge Companion to Aesthetics is essential for anyone interested in aesthetics art literature and visual studies
